

BLOCK 1, LOTS 8-12, CASCADES ADDN TO STEVENSON
SW¹/₄SE¹/₄ SEC.36, T.3N.,R.7E., W. M.

TRAVERSE & SURVEY NARRATIVE:

A closed traverse for the block shown was made on May 16, 1991 using a 10" total station and related equipment. The survey and equipment met the standards as provided in WAC 332-130-090. Math closure was calculated by compass method.

Corners found and tied as noted, and used to reconstruct the block as given in reference. Physical features noted during the traverse, including old concrete, rock walls, lines of use, etc. fit well to this reconstruction. Control found for the Alameda Street improvement did not reflect any corner ties at present and was not used.

LEGEND:

- Set 5/8"x30" IR w/plastic cap
- Found monument as indicated
- Calculated, not found or set
- △ Control point for street improvement

REFERENCE: Book 'A', P.62 of Plats

BASIS OF BEARINGS: South line of Block 1 assumed as East from reference
