feet in a EAST

The locators claim

direction from the point of discovery to the WEST end line and
feet in the opposite direction from the point of discovery to the EAST end line and
feet on each side of the middle of said vein or lode, further claiming all the surface rights, privileges and minerals, with all dips, spurs, angles and variations, and other rights granted by existing laws and customs. This claim is further described as being 100 feet from the following natural object or permanent monument in the vicinity: *Rocky Point, program block, little tail channel creek meet.*

The general course or strike of the vein or lode as nearly as may be determined is *SW 1/4 N.E. 1/4* with reference to the natural object or permanent monument described above. This claim is situated in the NE 1/4 (designate quarter section) of Section 13, Township 4N, Range 5E, of the Willamette Meridian, as surveyed by the U.S. Government or protracted if the land is unsurveyed.

The end lines of the claim are parallel to each other. The adjoining claims are *parallel to each other.*

This notice is placed conspicuously at the discovery post, and posts are placed at each corner of the claim. The location of this claim is distinctly marked on the ground so that the boundaries of the claim may be readily traced.
