SCALE: 1 inch = 500 feet

LEGEND

1) ◔ = A corner FOUND or SET during a previous survey, as described
2) ● = A new corner SET during this survey, as described
3) ⊙ = A corner calculated only—not set this survey
4) ( ) = A Bearing and/or Distance of record
5) IP = An Iron Pipe, found as described
6) GIP = A Galvanized Iron Pipe
7) DNR = The Department of Natural Resources
8) BT = An Original Bearing Tree, scribed by the GLO
9) RP = A Reference Point, usually a tree with scribing and/or a location tag
10) GLO = The General Land Office (Original Survey)
11) [ ] = Information scribed on RP's or BT's
12) Ref-post = A 6 ft. steel fence post with location tag
13) brass-mon = A 3/4"x36" GIP with a 3" stamped brass cap
14) ▬▬▬ = A line marked during this survey with painted blazes, stakes and flagging

NOTES

1) Refer to the 1986 "RECORD OF SURVEY" of the South line of Section 24, T7N R5E by HAMPSTUR CORPORATION, under the direction of Calvin J. Hampton, LS no. 18,087, as recorded in BOOK 2 of SURVEYS, at PAGE 224, in the records Skamania County, Washington.

2) All bearings and distances shown to the "new RP's" are to the center of the tree, referenced by an aluminum nail in a small blaze in the side center. Each RP also has a blue band of paint around the tree and a reference tag attached.

3) This survey was conducted by means of closed traverses between existing corners and/or prior control, using a "Wild T-1" theodolite (least read 6"), equipped with a "Wild DI-4" electronic distance meter, calibrated on the NGS baseline, located at Kelso, Washington. The relative accuracy of this control exceeds 1:10,000.

SURVEYOR'S CERTIFICATE

This map correctly represents a survey made by me or under my direction, in conformance with the requirements of the Survey Recording Act of 1973, at the request of PLUM CREEK TIMBER COMPANY, L.P. in August of 1992
