Ref: Herbicide use along county rights-of-way.

This form letter is being sent out to landowners that have, in the past, requested that no spraying be done in certain areas in Skamania County.

A review of our records shows that many requests have not been renewed yearly, as required. Additionally, one of the permit stipulations requires the permittee to maintain the area in certain conditions as part of the agreement between the county and the permittee.

In order to update our records, an application is enclosed. Please note that the permit will be good until April, 1994, where upon a new permit will be required for the 94 spraying season. For those people who get a permit, but fail to maintain the right-of-way as agreed upon, the shoulders will be sprayed.

If you want a "no-spray" zone in your area, please fill out the attached request and return it to this office. Please call if we might be of any help. We look forward to working with you.

Sincerely,

David D. Esch
Acting County Engineer

Skamania County Department of Public Works

Dear Sirs:

I am in receipt of your letter dated August 3, 1993 (copy enclosed). If you feel there is more I should do to keep the roadway clear, please come see me, and I will attempt to work with you.

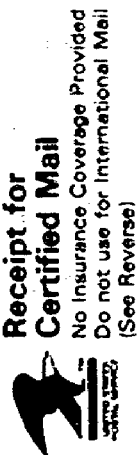

I hope the Skamania County officers do not poison our drinking water, whatever the situation.

Sincerely,

Eugene Schulze
