TRAVERSE & NARRATIVE STATEMENT:

A closed field traverse for the parcel shown was made with a total station and related measuring equipment, all of which met the minimum standards for this survey as per WAC 332-130-090. Acceptable raw data closure of greater than 1:5000 was balanced by compass adjustment procedure to effect mathematical closure. Field work for this project was conducted during the period of June 2, 1992 - Jan. 3, 1994, the purpose of which was to locate and/or set the property corners of the parcel and mark the property lines as shown. No encroachments were noted during the conduct of this survey.

Legal description of entire parcel may be found in Book 104, Page 311 of Deeds, Records of Skamania Co.
