## PROVISIONS

In accordance with the recommendations of the Department of Fish and Wildlife, the permit shall be issued subject to the following provisions: All diversion shall cease when the flow of Rock Creek falls to 5.0 cfs as measured directly downstream from the point of diversion.

Water available under this authorization may not provide a continual supply throughout each irrigation season.

This certificate is issued subject to Washington Department of Fish and Wildlife hydraulic project approval.

The intake shall be screened at all times in accordance with Department of Fish and Wildlife screening criteria.

At such time that the Department of Ecology determines the regulation and management of the subject waters is necessary and in the public interest, an approved measuring device shall be installed and maintained in accordance with RCW 90.03.360 and WAC 508-64-020 through -040.

The Water Resources Act of 1971 specifies certain criteria regarding utilization and management of the waters of the state in the best public interest. Use of water may be subject to regulation at certain times, based on the necessity to maintain water quantities sufficient for preservation of the natural environment.

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use herein described, except as provided in RCW 90.03.380, 90.03.390, and 90.44.020.

This certificate of water right is specifically subject to relinquishment for nonuse of water as provided in RCW 90.14.180.

Given under my hand and the seal of this office at Olympia, Washington,

this 31st day of March, 19 95.
