LEGEND

- Set 5/8" X 30" iron rod w/plastic cap
- Corner of record
- Calculated, not set or found
- () Call of record

TRAVERSE STATEMENT & SURVEY NARRATIVE: Sets for the parcel shown were made using existing control from Reference 1 with a ten-second total station and related measuring equipment, all of which met state standards (WAC 332-130-090) at the time of this survey. Radial positions were calculated and used for the monuments set. The only apparent encroachment found appears to be that of the existing roadway, which overlaps the deed description as shown, based on field ties to the centerline of the traveled way. The purpose of this survey was to locate the north and south lines of the parcel in order to determine the available homestead area. Field work was conducted June 18, 1996. Description of total parcel may be found in Book 64, Page 586 of deed records Reference and basis of bearings for this survey taken from Book 3, Page 280 of Short Plats, based on Skamania County control.
