David & Candace Oldenburg of 421 Shobrt Ridgefield WA 98642
 (Holder Name) (Billing Address-2) (City) (State) (Zip Code)

(hereafter called the holder) is hereby authorized to use National Forest lands, for a recreation residence for personal recreational use on the Gifford Pinchot National Forest, subject to the provisions of this permit including items I through XI, on page(s) 2 through 8. This permit covers 0.25 acres.

Described as:

- (1) Lot 46 of the Government Mineral Springs Summer Home tract.
 (A plat of which is on file in the office of the Forest Supervisor.)
 OR
- (2) Section 31, T.5N, R.7E, W.M., Skamania County, as shown on the attached map.
 (Legal Description)

The following improvements, whether on or off the lot, are authorized in addition to the residence structure:

Woodshed, Toilet, Gazebo

This use shall be exercised at least 15 days each year, unless otherwise authorized in writing. It shall not be used as a full-time residence to the exclusion of a home elsewhere.

**THIS PERMIT IS NOT TRANSFERABLE
 PURCHASERS OF IMPROVEMENTS ON SITES AUTHORIZED BY THIS PERMIT MUST SECURE
 A NEW PERMIT FROM THE FOREST SERVICE.**

THIS PERMIT IS ACCEPTED SUBJECT TO ALL OF ITS TERMS AND CONDITIONS.

B. All plans for development, layout, construction, reconstruction or alteration of improvements on the lot, as well as revisions of such plans, must be prepared by a licensed engineer, architect, and/or landscape architect (in those states in which such licensing is required) or other qualified individual acceptable to the authorized officer. Such plans must be approved by the authorized officer before the commencement of any work.

IV. RESPONSIBILITIES OF HOLDER.

A. The holder, in exercising the privileges granted by this permit, shall comply with all present and future regulations of the Secretary of Agriculture and all present and future federal, state, county, and municipal laws, ordinances, or regulations which are applicable to the area or operations covered by this permit. However, the Forest Service assumes no responsibility for enforcing laws, regulations, ordinances and the like which are under the jurisdiction of other government bodies.

B. The holder shall exercise diligence in preventing damage to the land and property of the United States. The holder shall abide by all restrictions on fires which may be in effect within the forest at any time and take all reasonable precautions to prevent and suppress forest fires. No material shall be disposed of by burning in open fires during a closed fire season established by law or regulation without written permission from the authorized officer.

C. The holder shall protect the scenic and esthetic values of the National Forest System lands as far as possible consistent with the authorized use, during construction, operation, and maintenance of the improvements.

D. No soil, trees, or other vegetation may be removed from the National Forest System lands without prior permission from the authorized officer. Permission shall be granted specifically, or in the context of the operations and maintenance plan for the permit.

E. The holder shall maintain the improvements and premises to standards of repair, orderliness, neatness, sanitation, and safety acceptable to the authorized officer. The holder shall fully repair and bear the expense for all damage, other than ordinary wear and tear, to National Forest lands, roads and trails caused by the holder's activities.

F. The holder assumes all risk of loss to the improvements resulting from acts of God or catastrophic events, including but not limited to, avalanches, rising waters, high winds, falling limbs or trees and other hazardous natural events. In the event the improvements authorized by this permit are destroyed or substantially damaged by acts of God or catastrophic events, the authorized officer will conduct an analysis to determine whether the improvements can be safely occupied in the future and whether rebuilding should be allowed. The analysis will be provided to the holder within 6 months of the event.

G. The holder has the responsibility of inspecting the site, authorized rights-of-way, and adjoining areas for dangerous trees, hanging limbs, and other evidence of hazardous conditions which could affect the improvements and or pose a risk of injury to individuals. After securing permission from the authorized officer, the holder shall remove such hazards.

H. In case of change of permanent address or change in ownership of the recreation residence, the holder shall immediately notify the authorized officer.

V. LIABILITIES.

A. This permit is subject to all valid existing rights and claims outstanding in third parties. The United States is not liable to the holder for the exercise of any such right or claim.

B. The holder shall hold harmless the United States from any liability from damage to life or property arising from the holder's occupancy or use of National Forest lands under this permit.

C. The holder shall be liable for any damage suffered by the United States resulting from or related to use of this permit, including damages to National Forest resources and costs of fire suppression. Without limiting available civil and criminal remedies which may be available to the United States, all timber cut, destroyed, or injured without authorization shall be paid for at stumpage rates which apply to the unauthorized cutting of timber in the State wherein the timber is located.

VI. FEES.

A. Fee Requirement: This special use authorization shall require payment in advance of an annual rental fee.

B. Appraisals:

1. Appraisals to ascertain the fair market value of the lot will be conducted by the Forest Service at least every 20 years. The next appraisal will be implemented in 2001 (insert year).

2. Appraisals will be conducted and reviewed in a manner consistent with the Uniform Standards of Professional Appraisal Practice, from which the appraisal standards have been developed, giving accurate and careful consideration to all market forces and factors which tend to influence the value of the lot.

3. If dissatisfied with an appraisal utilized by the Forest Service in ascertaining the permit fee, the holder may employ another qualified appraiser at the holder's expense. The authorized officer will give full and complete consideration to both appraisals provided the holder's appraisal meets Forest Service standards. If the two appraisals disagree in value by more than 10 percent, the two appraisers will be asked to try and reconcile or reduce their differences. If the appraisers cannot agree, the Authorized Officer will utilize either or both appraisals to determine the fee. When requested by the holder, a third appraisal may be obtained with the cost shared equally by the holder and the Forest Service. This third appraisal must meet the same standards of the first and second appraisals and may or may not be accepted by the authorized officer.

C. Fee Determination:

1. The annual rental fee shall be determined by appraisal and other sound business management principles. (36 CFR 251.57(a)). The fee shall be 5 percent of the appraised fair market fee simple value of the lot for recreation residence use.

Fees will be predicated on an appraisal of the lot as a base value, and that value will be adjusted in following years by utilizing the percent of change in the Implicit Price Deflator - Gross National Product (IPD-GNP) index as of the previous June 30. A fee from a prior year will be adjusted upward or downward, as the case may be, by the percentage change in the IPD-GNP, except that the maximum annual fee adjustment shall be 10 percent when the IPD-GNP index exceeds 10 percent in any one year with the amount in excess of 10 percent carried forward to the next succeeding year where the IPD-GNP index is less than 10 percent. The base rate from which the fee is adjusted will be changed with each new appraisal of the lot, at least every 20 years.

2. If the holder has received notification that a new permit will not be issued following expiration of this permit, the annual fee in the tenth year will be taken as the base, and the fee each year during the last 10-year period will be one-tenth of the base multiplied by the number of years then remaining on the permit. If a new term permit should later be issued, the holder shall pay the United States the total amount of fees foregone, for the most recent 10-year period in which the holder has been advised that a new permit will not be issued. This amount may be paid in equal annual installments over a 10-year period in addition to those fees for existing permits. Such amounts owing will run with the property and will be charged to any subsequent purchaser of the improvements.

D. Initial Fee: The initial fee may be based on an approved Forest Service appraisal existing at the time of this permit, with the present day value calculated by applying the IPD-GNP index to the intervening years.

E. Payment Schedule: Based on the criteria stated herein, the initial payment is set at \$ 581.00 per year and the fee is due and payable annually on January 1 (insert date). Payments will be credited on the date received by the designated collection officer or deposit location. If the due date(s) for any of the above payments or fee calculation statements fall on a nonworkday, the charges shall not apply until the close of business of the next workday. Any payments not received within 30 days of the due date shall be delinquent.

F. Interest and Penalties:

1. A fee owed the United States which is delinquent will be assessed interest based on the most current rate prescribed by the United States Department of Treasury Financial Manual (TFM-6-8020). Interest shall accrue on the delinquent fee from the date the fee payment was due and shall remain fixed during the duration of the indebtedness.

2. In addition to interest, certain processing, handling, and administrative costs will be assessed on delinquent accounts and added to the amounts due.

3. A penalty of 6 percent per year shall be assessed on any indebtedness owing for more than 90 days. This penalty charge will not be calculated until the 91st day of delinquency, but shall accrue from the date that the debt became delinquent.

4. When a delinquent account is partially paid or made in installments, amounts received shall be applied first to outstanding penalty and administrative cost charges, second to accrued interest, and third to outstanding principal.

G. Nonpayment Constitutes Breach: Failure of the holder to make the annual payment, penalty, interest, or any other charges when due shall be grounds for termination of this authorization. However, no permit will be terminated for nonpayment of any monies owed the United States unless payment of such monies is more than 90 days in arrears.

H. Applicable Law: Delinquent fees and other charges shall be subject to all the rights and remedies afforded the United States pursuant to federal law and implementing regulations. (31 U.S.C. 3711 et seq.).

VII. TRANSFER, SALE, AND RENTAL.

A. Nontransferability: Except as provided in this section, this permit is not transferable.

B. Transferability Upon Death of the Holder:

1. If the holder of this permit is a married couple and one spouse dies, this permit will continue in force, without amendment or revision, in the name of the surviving spouse.

2. If the holder of this permit is an individual who dies during the term of this permit and there is no surviving spouse, an annual renewable permit will be issued, upon request, to the executor or administrator of the holder's estate. Upon settlement of the estate, a new permit incorporating current Forest Service policies and procedures will be issued for the remainder of the deceased holder's term to the properly designated heir(s) as shown by an order of a court, bill of sale, or other evidence to be the owner of the improvements.

C. Divestiture of Ownership: If the holder through voluntary sale, transfer, enforcement of contract, foreclosure, or other legal proceeding shall cease to be the owner of the physical improvements, this permit shall be terminated. If the person to whom title to said improvements is transferred is deemed by the authorizing officer to be qualified as a holder, then such person to whom title has been transferred will be granted a new permit. Such new permit will be for the remainder of the term of the original holder.

D. Notice to Prospective Purchasers: When considering a voluntary sale of the recreation residence, the holder shall provide a copy of this special use permit to the prospective purchaser before finalizing the sale. The holder cannot make binding representations to the purchasers as to whether the Forest Service will reauthorize the occupancy.

E. Rental: The holder may rent or sublet the use of improvements covered under this permit only with the express written permission of the authorized officer. In the event of an authorized rental or sublet, the holder shall continue to be responsible for compliance with all conditions of this permit by persons to whom such premises may be sublet.

VIII. REVOCATION.

A. Revocation for Cause: This permit may be revoked for cause by the authorized officer upon breach of any of the terms and conditions of this permit or applicable law. Prior to such revocation for cause, the holder shall be given notice and provided a reasonable time--not to exceed ninety (90) days--within which to correct the breach.

B. Revocation in the Public Interest During the Permit Term:

1. This permit may be revoked during its term at the discretion of the authorized officer for reasons in the public interest. (36 CFR 251.60(b)). In the event of such revocation in the public interest, the holder shall be given one hundred and eighty (180) days prior written notice to vacate the premises, provided that the authorized officer may prescribe a date for a shorter period in which to vacate ("prescribed vacancy date") if the public interest objective reasonably requires the lot in a shorter period of time.

2. The Forest Service and the holder agree that in the event of a revocation in the public interest, the holder shall be paid damages. Revocation in the public interest and payment of damages is subject to the availability of funds or appropriations.

a. Damages in the event of a public interest revocation shall be the lesser amount of either (1) the cost of relocation of the approved improvements to another lot which may be authorized for residential occupancy (but not including the costs of damages incidental to the relocation which are caused by the negligence of the holder or a third party), or (2) the replacement costs of the approved improvements as of the date of revocation. Replacement cost shall be determined by the Forest Service utilizing standard appraisal procedures giving full consideration to the improvement's condition, remaining economic life and location, and shall be the estimated cost to construct, at current prices, a building with utility equivalent to the building being appraised using modern materials and current standards, design and layout as of the date of revocation. If revocation in the public interest occurs after the holder has received notification that a new permit will not be issued following expiration of the current permit, then the amount of damages shall be adjusted as of the date of revocation by multiplying the replacement cost by a fraction which has as the numerator the number of full months remaining to the term of the permit prior to revocation (measured from the date of the notice of revocation) and as the denominator, the total number of months in the original term of the permit.

b. The amount of the damages determined in accordance with paragraph a. above shall be fixed by mutual agreement between the authorized officer and the holder and shall be accepted by the holder in full satisfaction of all claims against the United States under this clause: Provided, That if mutual agreement is not reached, the authorized officer shall determine the amount and if the holder is dissatisfied with the amount to be paid may appeal the determination in accordance with the Appeal Regulations (36 CFR 251.80) and the amount as determined on appeal shall be final and conclusive on the parties hereto: Provided further, That upon the payment to the holder of the amount fixed by the authorized officer, the right of the Forest Service to remove or require the removal of the improvements shall not be stayed pending final decision on appeal.

IX. ISSUANCE OF A NEW PERMIT.

A. Decisions to issue a new permit or convert the permitted area to an alternative public use upon termination of this permit require a determination of consistency with the Forest Land and Resource Management Plan (Forest plan)

1. Where continued use is consistent with the Forest plan, the authorized officer shall issue a new permit, in accordance with applicable requirements for environmental documentation.

2. If, as a result of an amendment or revision of the Forest plan, the permitted area is within an area allocated to an alternative public use, the authorized officer shall conduct a site specific project analysis to determine the range and intensity of the alternative public use.

a. If the project analysis results in a finding that the use of the lot for a recreation residence may continue, the holder shall be notified in writing, this permit shall be modified as necessary, and a new term permit shall be issued following expiration of the current permit.

b. If the project analysis results in a decision that the lot shall be converted to an alternative public use, the holder shall be notified in writing and given at least 10 years continued occupancy. The holder shall be given a copy of the project analysis, environmental documentation, and decision document.

c. A decision resulting from a project analysis shall be reviewed two years prior to permit expiration, when that decision and supporting environmental documentation is more than 5 years old. If this review indicates that the conditions resulting in the decision are unchanged, then the decision may be implemented. If this review indicates that conditions have changed, a new project analysis shall be made to determine the proper action.

B. In issuing a new permit, the authorized officer shall include terms, conditions, and special stipulations that reflect new requirements imposed by current Federal and State land use plans, laws, regulations, or other management decisions. (36 CFR 251.64)

C. If the 10-year continued occupancy given a holder who receives notification that a new permit will not be issued would extend beyond the expiration date of the current permit, a new term permit shall be issued for the remaining portion of the 10-year period.

X. RIGHTS AND RESPONSIBILITIES UPON REVOCATION OR NOTIFICATION THAT A NEW PERMIT WILL NOT BE ISSUED FOLLOWING TERMINATION OF THIS PERMIT.

A. Removal of Improvements Upon Revocation or Notification That A New Permit Will Not Be Issued Following Termination Of This Permit: At the end of the term of occupancy authorized by this permit, or upon abandonment, or revocation for cause, Act of God, catastrophic event, or in the public interest, the holder shall remove within a reasonable time all structures and improvements except those owned by the United States, and shall return the lot to a condition approved by the authorized officer unless otherwise agreed to in writing or in this permit. If the holder fails to remove all such structures or improvements within a reasonable period--not to exceed one hundred and eighty (180) days from the date the authorization of occupancy is ended--the improvements shall become the property of the United States, but in such event, the holder remains obligated and liable for the cost of their removal and the restoration of the lot.

B. In case of revocation or notification that a new permit will not be issued following termination of this permit, except if revocation is for cause, the authorized officer may offer an in-lieu lot to the permit holder for building or relocation of improvements. Such lots will be nonconflicting locations within the National Forest containing the residence being terminated or under notification that a new permit will not be issued or at nonconflicting locations in adjacent National Forests. Any in-lieu lot offered the holder must be accepted within 90 days of the offer or within 90 days of the final disposition of an appeal on the revocation or notification that a new permit will not be issued under the Secretary of Agriculture's administrative appeal regulations, whichever is later, or this opportunity will terminate.

XI. MISCELLANEOUS PROVISIONS.

A. This permit replaces a special use permit issued to:

James L. Hunt on January 13, 1989.
(Holder Name) (Date)

B. The Forest Service reserves the right to enter upon the property to inspect for compliance with the terms of this permit. Reports on inspection for compliance will be furnished to the holder.

C. Issuance of this permit shall not be construed as an admission by the Government as to the title to any improvements. The Government disclaims any liability for the issuance of any permit in the event of disputed title.

D. If there is a conflict between the foregoing standard printed clauses and any special clauses added to the permit, the standard printed clauses shall control.

Public reporting burden for this collection of information, if requested, is estimated to average 1 hour per response for annual financial information; average 1 hour per response to prepare or update operation and/or maintenance plan; average 1 hour per response for inspection reports; and an average of 1 hour for each request that may include such things as reports, logs, facility and user information, sublease information, and other similar miscellaneous information requests. This includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Department of Agriculture, Clearance Officer, OIRM, Room 404-W, Washington D.C. 20250; and to the Office of Management and Budget, Paperwork Reduction Project (OMB # 0596-0082), Washington, D.C. 20503.
