BOOK 3 PAGE 295

NOTES

This survey holds an agreement recorded in Book 2 Page 202-203 on January 16, 1914 as the senior document describing the line between the south half and the north half of the east three quarters of the southwest quarter of the southeast quarter of Section 24. The fulfillment of said agreement was recorded in Book 3 Page 554 on September 14, 1915. Said agreement and deed describe the tract of land conveyed as the north half of the east three quarters of the southwest quarter of Section 24.

TRAVERSE STATEMENT

A closed traverse around the parcel shown was made with a five-second total station and related measuring equipment, of which met state standards (NAC 332-130-070-100) at the time of this survey. Radial ties were made to found corners noted on plat. Pre-balance closure error is 30\"/>

NARRATIVE

The purpose of this survey is to locate the south and west boundary of the Kenneth Steen property. This survey set the SE, NW and SW corners of said property and set metal fence posts spaced approximately 200 feet apart along the west and south lines of said property. Tied monuments set by Terra Surveying were found to be positioned as platted (see ref. 5) and this survey used said plat to control the sectionizing of Section 24. Field work completed November 1919.
