INTERGOVERNMENTAL COOPERATIVE PURCHASING AGREEMENT

This Intergovernmental Cooperative Purchasing Agreement is made by and between the undersigned Counties, all of which are subdivisions of the State of Washington pursuant to RCW 39.34 et seq. This agreement shall be effective immediately upon signature by the parties hereto.

The Counties desire to cooperatively purchase goods and services and to make available one to another bids and proposals solicited from vendors and purveyors of goods and services.

To carry out the purposes of this purchasing agreement and in consideration of the mutual benefits and conditions set forth herein, the Counties agree as follows:

1. To the extent permitted by law and agreed on by the Counties, any County may insert in any solicitation for goods, services or both, a provision disclosing that any other County may also desire to procure the goods, services, or both being offered to the soliciting agency and allowing the bidder the option of extending its bid to any other County at the same bid price, terms and conditions.
2. The County initiating a particular purchase (the Lead County) will contract for the purchase of goods, services or both according to the laws and regulations governing purchases by and on behalf of the Lead County. Any other County (Non-Lead County) accepts responsibility for compliance with any additional or varying laws or regulations, if any, governing purchases by such Non-Lead County.
3. Whenever the Lead County has contracted to purchase goods, services, or both on its behalf, any Non-Lead County may purchase goods, services, or both covered by the contract on the same terms and conditions as the Lead County. Such a purchase by a Non-Lead County may be effected by a purchase order directed by the Non-Lead County to the vendor or other party contracting to furnish goods, services or both to the Lead County. The Lead County accepts no responsibility for the performance of any purchasing contracts between the vendor and any Non-Lead County.
4. Each County reserves the right to contract independently for the purchase of any particular class of goods, services or both, with or without notice to each other County.
5. Each County reserves the right to exclude any other County from any particular purchasing contract, with or without notice to such other County.
6. This Purchasing Agreement shall remain in force until terminated in writing. Any County may opt out of this agreement thereby canceling this agreement as to the terminating County, by providing written notice of termination to all other Counties.

7. No new or separate legal or administrative entity is created to administer the provisions of this agreement. Nothing in this Agreement shall authorize or permit the parties to jointly own any property, real or personal.
8. The method of financing of payment shall be through budgeted or other available funds of the County for whose use the goods, services or both are actually acquired. Each County accepts no responsibility for the payment of the acquisition of any goods, services or both intended for use by any other County.
9. If a court of competent jurisdiction rules invalid or unenforceable any of the provisions hereof, such provisions shall be disregarded, but the remainder of the agreement shall remain in full force and effect.

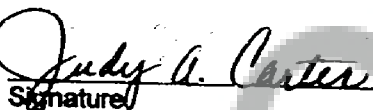

Dated this 10 day of June, 1999.
