NARRATIVE:

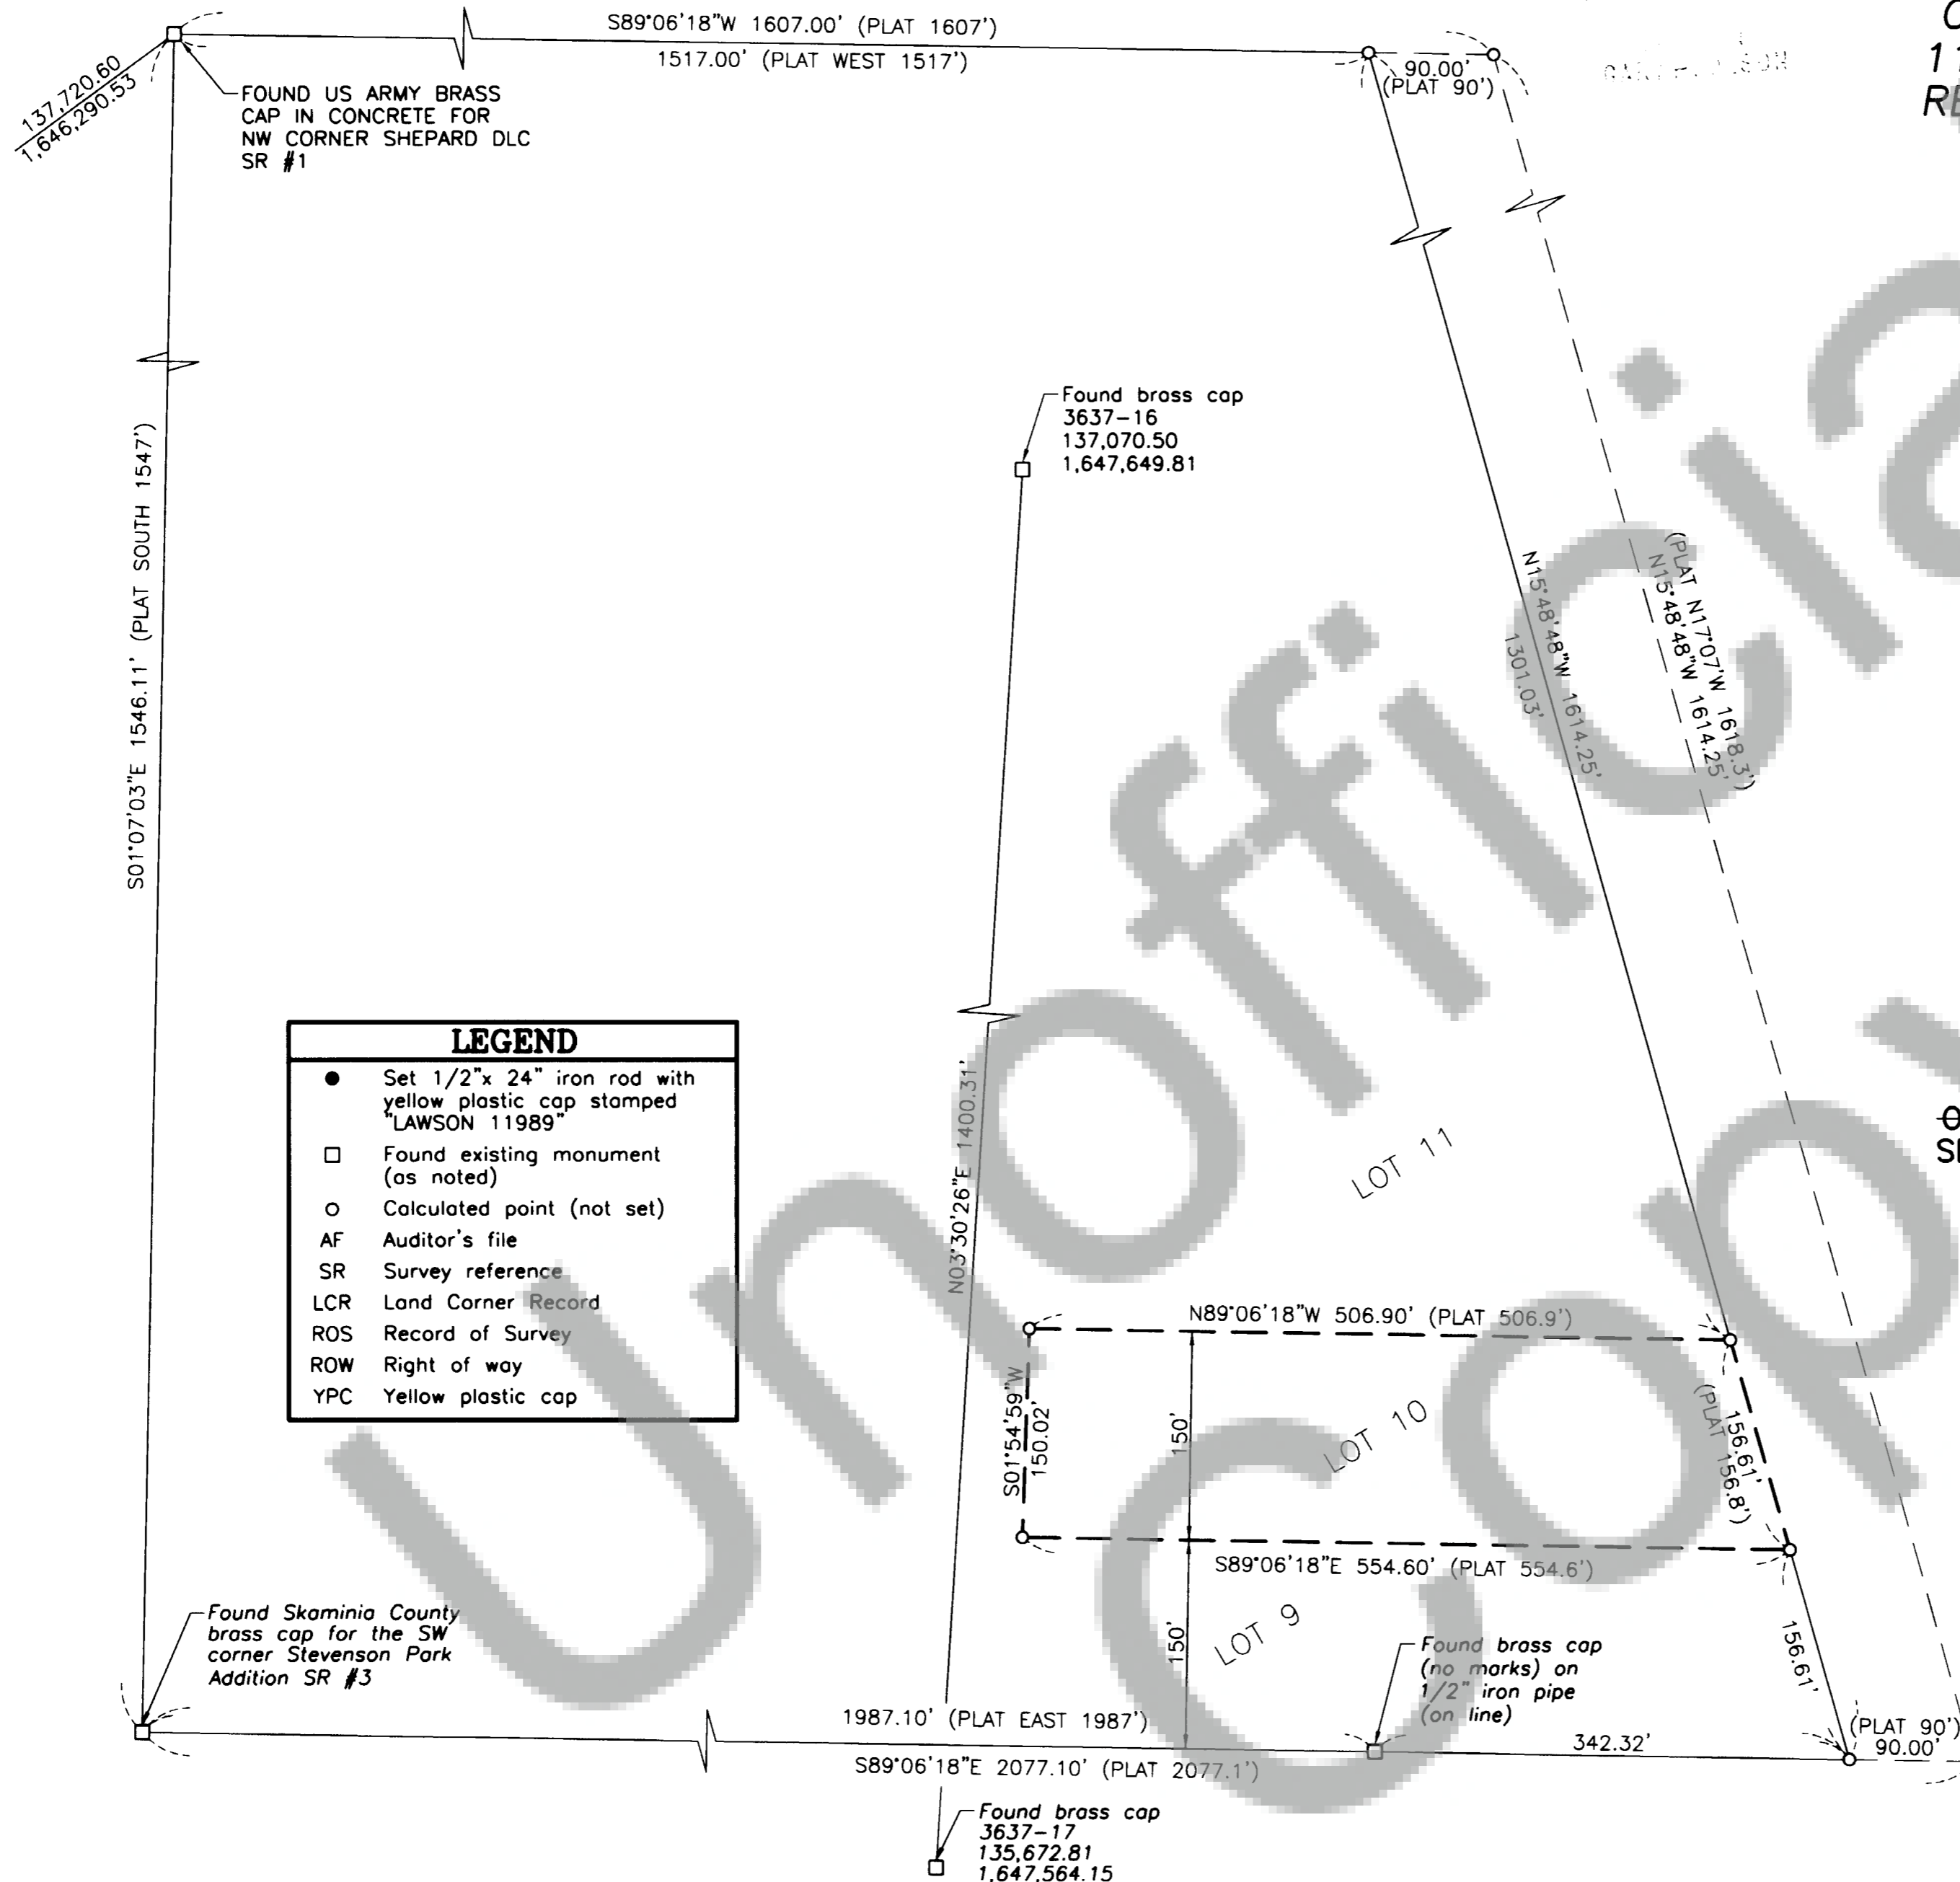

Assumed the North line of Stevenson Park Addition to be on a straight line between the NE and NW corners of the Shepard DLC, the West line between the NW corner of the Shepard DLC and the Skamania County brass cap at the SW corner of Lot 8, and the South line parallel to the North line and record distance from the SW corner of Lot 8. The original survey by Clark Labarre was filed on March 31, 1910. The original plat was handwritten in pencil, but survey accuracy was apparently good. Original deed does not call the East edge of Frank John Road, however, deed distance fits within 1 foot. I ignored the call and traced out the deed. The NE corner falls only 1.45 feet East of the East boundary of Stevenson Park Addition. Frank Johns Road may have been pretty obscure when the first deeds were written.

DEED REFERENCES:

- FRANK MAINE TO DEAN GRAHAM #37786 (1948)
- KROHN TO SCHPACH BK 57, PG 340 (1967)

SURVEY REFERENCES:

- STEVENSON PARK ADDITION: BK A, PG 38
- OLSON: BK 1, PG 109

Field ties were performed using a 1 second instrument. Traverse met the minimum standard designated in WAC 332-130-090 and was balanced using the compass rule adjustment. Monuments were tied on 04/24/00 unless otherwise noted.

AUDITOR'S CERTIFICATE

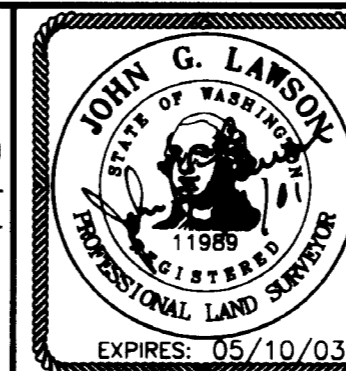

Filed for record this 7th day of May 2001, at 4:17 P.M. in Book 31 of Surveys, at Page 386-7, at the request of Lawson Surveying and Engineering, Inc.
