The Planning Department issued a Director's Decision on July 19, 2001 for the above referenced application. On August 8, 2001 the Planning Department received a letter (enclosed) from you stating that you would like to have a mobile home temporarily placed on the subject property for use while building the approved detached garage that will contain a temporary dwelling for use while your home is being built. In your letter you stated that the mobile home would not exceed 24'x60'. In a phone conversation on August

30,2001, you stated that the actual size of the mobile home would be 24'x48' and would have an attached carport along with an 8'x10' utility shed. This use is allowed as long as the following condition is added to the Conditions of Approval which are in your original Director's Decision:

- 14) Within 30 days of receiving the occupancy permit for the garage with the temporary living quarters, the mobile home and all associated structures shall be de-commissioned as a residence and removed from the subject property. The County Building Inspector shall assure that all modifications to de-commission it are completed in accordance with all State and County Building Codes.

Pursuant to SCC §22.06.080(B), a change or alteration to an approved action, if determined to be minor by the Director, may be "deemed consistent with the provisions of this Title and the findings and conclusions on the original application." I have determined that the proposed request constitutes a minor change; therefore, the original decision shall be amended to include the above mentioned changes.

All of the original conditions in the Director's Decision are still valid and shall be complied with. As a reminder, this letter amendment needs to be recorded at the County Auditor's office along with your Administrative Decision. If you have any questions, please give me a call at 509-427-9458.

Sincerely,

Steve Grichel

Re: amendment to file no. NSA-01-38

To whom it may concern:

I submit an amendment to file no. NSA-01-38 for approval. Said amendment will revise the approved plan such that a modular mobile home will be temporarily placed adjacent to and parallel to the North side of the proposed building site of the garage with temporary living quarters. Said modular home will have dimensions no greater than 24 feet wide by 60 feet long, and will be used as temporary living quarters during the construction of the garage with living quarters. Upon completion of the garage with living quarters, the modular home will be removed from the property, and the plan will proceed as already approved.
