 County Auditor Deputy

TRAVERSE STATEMENT: A closed point-to-point field traverse for the parcel shown was made with a Sokkia five-second total station and related measuring equipment, all of which met State standards of WAC 332-130 at the time of this survey. Acceptable raw angular and distance closures in excess of 1:5000 were balanced by compass adjustment to effect mathematical closure. Physical appurtenances which may be in conflict with existing conditions or items of record are noted as shown. Field work was conducted during the period of June 20 - September 5, 2001.

SURVEY NARRATIVE: This parcel is roughly framed by short plat lots on the North and West, by Trout Creek on the South, and by the bluff above Wind River on the East. Access across the NE $\frac{1}{4}$ NE $\frac{1}{4}$ SW $\frac{1}{4}$ has been blocked by adjacent construction and improvements.

DESCRIPTION OF TOTAL PARCEL may be found in B.56, P.247 of Deed Records, which also includes the following: "TOGETHER WITH an easement and right of way 40 feet in width for an access road over and across the NE $\frac{1}{4}$ NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 26, Township 4 North, Range 7 E., W.M."
