Dear Mr. Wittenberg,

The Planning Department issued a final Director's Decision on July 23, 2002 for the above referenced application. On September 05, 2002 we received a letter from you requesting an amendment to the site plan. This amendment will require a change to Condition of Approval #1 of Director's Decision, which states:

- 1) All development shall be consistent with the enclosed site plan, unless modified by the following conditions of approval. If modified, the site plan shall be consistent with the conditions of approval.

Your request for a Letter Amendment included the following changes to the site plan:

Amendment NSA-02-09
Page 2

To use a plastic tank set inside a building (16'X18'X16' high). To side the building with a T-111 type material and stain it dark, dull, mud brown.

The amended condition #1 shall read:

- 1) All development shall be consistent with the new enclosed site plan (submitted 09/05/2002), unless modified by the following conditions of approval. If modified, the site plan shall be consistent with the conditions of approval. All of the original Conditions of Approval are still in effect unless modified herein.

Pursuant to SCC §22.06.080(B), a change or alteration to an approved action, if determined to be minor by the Director, may be "deemed consistent with the provisions of this Title and the findings and conclusions on the original application." The proposed request constitutes a minor change; therefore, the original decision shall be amended to the temporary use of an accessory building.

All of the original conditions in the Director's Decision are still valid and shall be complied with. As a reminder, this letter amendment needs to be recorded at the County Auditor's office, as was your Director's Decision. If you have any questions, please give me a call at 509-427-9458.

Sincerely,

Patrick Johnson
Associate Planner
