RE: claim # ORMC. 154318

We at Smithman Dredge Corp. feel that the claim should be patent as for the maney differnt kinds of minerals it carries these minerals are not only valuable they are importen to the vell being of the US. Government as well. I have in this letter included somm assey report so you will understand the many differnt kinds of minerals that are within this claims.

WE believe when its all added together we have something that is brand new and we should have the right to patent it under the patent right of the US patent laws thank you the assey,s and the claim to show that we have a valid claim to this.

When drawing your claim(s) use an ordinary ruler. 1/8th of an inch would be 100 feet so a full size lode $(600^{\circ} \times 1500^{\circ})$ would be $3/4^{\circ}$ by 1 $7/8^{\circ}$. A full size placer $(1320^{\circ} \times 660^{\circ})$ would be 1 $5/9^{\circ}$ by $13/16^{\circ}$.
