TRAVERSE STATEMENT: A closed field traverse for the parcel shown was made with a Sokkia five-second total station and related measuring equipment, all of which met State standards of WAC 332-130 at the time of this survey. Acceptable raw angular and distance closures in excess of 1:10000 were balanced by compass adjustment where necessary to effect mathematical closure. Physical appurtenances which may be in conflict with existing conditions or items of record are noted or depicted. Field work was conducted during the period of December 2-5, 2002.

SURVEY NARRATIVE: The purpose of this survey was to identify and monument property corners of the parcels shown including a new boundary line to be created by deed. There is some encroachment on Tax Lot 700, as shown.
