PROVISIONS

All conditions and requirements contained in reports of examination or permits previously issued apply to this certificate unless specifically noted below.

"All diversions shall cease when the flow of the unnamed stream (Last Chance Creek) drops to 3.0 cfs as measured below the barrier dam."

The intake shall be screened at all times in accordance with Department of Fish and Wildlife screening criteria. This water right is issued subject to Washington Department of Fish and Wildlife Hydraulic Project Approval.

The Water Resources Act of 1971 specifies certain criteria regarding utilization and management of the waters of the state in the best public interest. Use of water may be subject to regulation at certain times, based on the necessity to maintain water quantities sufficient for preservation of the natural environment.

RCW 90.16.050 requires an annual fee for claimants of water power. This fee shall be paid to the Department of Ecology by January 1 of each year and is based upon the following schedule (RCW 90-16.060):

- a) For projects in operation:
\$0.10 per theoretical horsepower through 1,000 (\$5.00 per year)

The right to use of the water aforesaid hereby confirmed is restricted to the lands or place of use herein described, except as provided in RCW 90.03.380, 90.03.390, and 90.44.100.

This certificate of water right is specifically subject to relinquishment for non-use of water as provided in Chapter 90.14 RCW.

Given under my hand and the seal of this office at Olympia, Washington,
this 12th day of April, 2004.
