The Auditor/Recorder will rely on the information provided on the form. The Staff will not read the document to verify the accuracy or completeness of the indexing information.

The purpose of this document is to notify anyone concerned that parcel no. 1400 ( presently owned by Albert and Norma Gosiak ) carries a major potential liability because of a large encroachment of a lake onto an adjacent property. (parcel no. 900 presently owned by Eugene and Jessie Schulze) See accompanying maps.

It appears that this lake was created by the failure of the Washington State Department of Transportation to keep a culvert open as mandated by their own policy.

It would appear that this lake could easily be eliminated or lowered by opening the culvert, which would eliminate the unnecessary, troublesome, encroachment.
