Administrative Decision

APPLICANT:

Gary Neuenswander

PROPERTY

OWNER:

Michael & Patricia Woodell

FILE NO.:

NSA-03-58

PROJECT:

A 26'x 42'x 21' in height single-family dwelling, 20'x 30'x 18' in height shop,

driveway, and associated utilities.

LOCATION:

Off of Skelton Road in Skamania; Section 34 of T2N, R6E, W.M. and identified as

Skamania County Tax Lot #02-06-34-1-0-0102-00.

LEGAL

DESCRIPTION:

Lot 3 Warfield Amended SP BK 3/PG 285.

ZONING:

General Management Area – Residential (R-5).

DECISION:

Based upon the entire record, including particularly the Staff Report, the application by Gary Neuenswander, described above, subject to the conditions set forth in this Decision, is found to be consistent with Title 22 SCC and is hereby

approved.

Although the proposed development is approved, it may not be buildable due to inadequate soils for septic and/or lack of potable water. These issues are under the Skamania County Planning and Community Development File: NSA-03-58 (Neuenswander) Administrative Decision Page 2

jurisdiction of Skamania County's Building Department and the Skamania County Health Department.

Approval of this request does not exempt the applicant or successors in interest from compliance with all other applicable local, state, and federal laws.

CONDITIONS OF APPROVAL:

The following conditions are required to ensure that the subject request is consistent with Skamania County Title 22. This document, outlining the conditions of approval, must be recorded, by the applicant, in the deed records of the Skamania County Auditor in order to ensure notice of the conditions of approval to successors in interest. SCC §22.06.050(C)(2).

- As per SCC §22.06.050(C)(2), this Administrative Decision **SHALL BE RECORDED** by the applicant in the County deed records prior to commencement of the approved project. A copy of the first page of the recorded Administrative Decision must be submitted to the Planning Department prior to issuance of a building permit.
- 2) All developments shall be consistent with the enclosed site plan, unless modified by the following conditions of approval. If modified, the site plan shall be consistent with the conditions of approval. (See attached)
- All structures, except fences, including eaves, awnings and overhangs shall meet the following setbacks: Front yard: 50 feet from the centerline of the street or road or 20 feet from the front property line, whichever is greater. Side yard: 20 feet. Rear yard: 20 feet. Setbacks are established from property lines, not fence lines. If any question arises regarding the location of the property lines, the applicant shall be required to hire a professional land surveyor to locate the property lines and mark them with temporary staking prior to a building permit being issued. Staking must remain during construction and all building inspections.
- 4) The proposed shop is not allowed to have a kitchen or any kind of cooking-facility.
- The proposed single-family dwelling shall not exceed 23' from the top of the footer set at or below existing grade or 21' from slab set at or below existing grade for a slab on grade foundation, and the proposed shop shall not exceed 20' from the top of the footer set at or below existing grade or 18' from slab set at or below existing grade for a slab on grade foundation.
- All graded and disturbed areas are to be reseeded with a native vegetation mix prior final inspection by the Planning Department.
- 7) The project applicant and future owners shall be responsible for the proper maintenance and survival of any vegetation required to be planted.
- All existing screening trees on the subject parcel shall be retained and maintained in a healthy condition. Dead and dying trees shall be replaced in kind.

Skamania County Planning and Community Development File: NSA-03-58 (Neuenswander) Administrative Decision Page 3

- 9) Limbing or topping of screening trees is prohibited.
- 10) Existing tree cover shall be retained as much as possible, except as is necessary for site development, safety purposes or as part of forest management practices.
- The required screening trees shall be located at least 50' from the proposed buildings in an alternating row mimicking a natural pattern, planted on 15' centers, and be at least 6' tall as measured from the ground to the top of the tree, after planting, utilizing exiting trees in sequence. All of the above trees shall be planted prior to final inspection. Dead and dying trees shall be replaced in kind. (See revised site plan for location).
- 12) At least half of any trees planted for screening purposes shall be species native to the setting and commonly found in the area.
- 13) At least half of any trees planted for screening purposes shall be coniferous to provide winter screening.
- Only that grading which is necessary for site development (building pads, access roads, leach fields) is permitted.
- The exteriors of the proposed development shall be composed of non-reflective material or materials with low reflectivity. If the applicant chooses to use metal for the roof, they must submit samples to the Planning Department, prior to the issuance of a Building Permit, which shows the metal has been treated in some way or is comprised of a material to reduce reflectivity.
- The applicant shall be required to submit **dark** and either natural or earth-tone color samples of a non-reflective material or material of low reflectivity for the roof, siding, trim, deck, and doors for the proposed dwelling and shop to the Planning Department for approval, prior to issuance of a building permit.
- 17) The building plans shall include windows that have a low-reflective quality and an outdoor reflectance rating of 10% or less (see Glass Performance Data sheet attached to the Staff Report).
- 18) A minimum 2' overhang is required for the south side of the home.
- 19) Exterior lighting shall be directed downward and sited, hooded and shielded such that it is not highly visible from key viewing areas. Shielding and hooding materials shall be composed of non-reflective, opaque materials. Opaque means that it does not allow light to pass through the shield or hood. All lights should be hooded and shielded so as to have a luminary with less than a 90-degree cutoff.
- 20) The applicant shall meet all conditions to achieve visual subordinance prior to final inspection by the Planning Department. The applicant should coordinate all inspections with the Building Department. Final inspection will not be complete until compliance with all conditions, including the visual subordinance criteria, has been verified.

Skamania County Planning and Community Development File: NSA-03-58 (Neuenswander) Administrative Decision Page 4

- 21) The Planning Department will conduct at least two site visits during construction. One will be to verify the location of the structures as stated by the Administrative Decision. Another will be conducted after all foundation excavation has been completed but prior to the applicant framing up the footers. Each inspection may take up to four business days from the time of calling for the inspection. Inspections should be arranged by calling the Building Department at 509-427-9484.
- 22) The following procedures shall be effected when cultural resources are discovered during construction activities:
 - a) Halt Construction. All construction activities within 100 feet of the discovered cultural resource shall cease. The cultural resources shall remain as found; further disturbance is prohibited.
 - b) Notification. The project applicant shall notify the Planning Department and the Gorge Commission within 24 hours of the discovery. If the cultural resources are prehistoric or otherwise associated with Native Americans, the project applicant shall also notify the Indian tribal governments within 24 hours.
 - c) Survey and Evaluations. The Gorge Commission shall arrange for the cultural resources survey.

Dated and Signed this 28 day of Januar, 2004, at Stevenson, Washington.

Stacey Borland, Associate Planner

Skamania County Planning and Community Development.

NOTES

Any new residential development, related accessory structures such as garages or workshops, and additions or alterations not included in this approved site plan, will require a new application and review.

As per SCC §22.06.050(C)(5), this Decision approving a proposed development action shall become void in two years if the development is not commenced within that period, or when the development action is discontinued for any reason for one continuous year or more.

APPEALS

The Director reserves the right to provide additional comment and findings of fact regarding this decision, if appealed.

This Decision shall be final unless reversed or modified on appeal. A written Notice of Appeal may be filed by an interested person within 20 days from the date hereof. Appeal may be made to the Skamania County
