Administrative Decision

APPLICANT: Daniel Fuller

PROPERTY OWNER: Daniel and Adria Fuller

FILE NO.: NSA-05-68

PROJECT: To construct an addition of one exterior wall to enclose the pre-existing double carport on the south facing side of the house (approximately 25' x 8'), construction of a double car garage (30' x 30'), an expansion of an entrance area on the north side of the house (8' x 7'), and the replacement of the existing deck with a different footprint but to remain the same approximate square footage.

LOCATION: 382 Sprague Landing Road, Stevenson; Section 29 of T3N, Range 8E, W.M. and identified as Skamania County Tax Lot #03-08-29-0-0-1900-00.

LEGAL: See attached page 1.

ZONING: General Management Area-Residential (R-10).

DECISION: Based upon the record and the Staff Report, the application by Daniel Fuller, described above, **subject to the conditions set forth in this Decision**, is found to be consistent with SCC Title 22 and is **hereby approved**.

Although the proposed development is approved, it may not be buildable due to inadequate soils for septic and/or lack of potable water. These issues are under the jurisdiction of Skamania County's Building Division and the Skamania County Health Department.

Approval of this request does not exempt the applicant or successors in interest from compliance with all other applicable local, state, and federal laws.

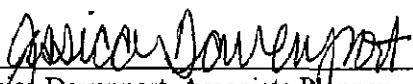

CONDITIONS OF APPROVAL:

The following conditions are required to ensure that the subject request is consistent with Skamania County Code Title 22. **This document, outlining the conditions of approval, must be recorded by the applicant in the deed records of the Skamania County Auditor** in order to ensure notice of the conditions of approval to successors in interest. SCC §22.06.050(C)(2).

- 1) As per SCC §22.06.050(C)(2), this Administrative Decision **SHALL BE RECORDED** by the applicant in the County deed records prior to commencement of the approved project.
- 2) All developments shall be consistent with the enclosed site plan, unless modified by the following conditions of approval. If modified, the site plan shall be consistent with the conditions of approval. (See attached)
- 3) All structures, except fences, including eaves, awnings and overhangs shall meet the following setbacks: **Front yard:** 50 feet from the centerline of the street or road or 20 feet from the front property line, whichever is greater. **Side yard:** 20 feet. **Rear yard:** 20 feet. Setbacks are established from property lines, not fence lines. If any question arises regarding the location of the property lines, the applicant shall be required to hire a professional land surveyor to locate the property lines and mark them with temporary staking prior to a building permit being issued. Staking must remain during construction and all building inspections.
- 4) Only that grading which is necessary for site development (building pads, utilities, etc.) is permitted. All graded areas shall be re-seeded with native vegetation prior to final inspection by the Planning Department.
- 5) Planted vegetation shall be maintained to ensure survival.
- 6) The applicant shall retain all existing trees within 500 feet of the site to provide screening from KVAs and maintain visual subordination.
- 7) The structure shall be composed of nonreflective materials or materials with low reflectivity.
- 8) All exterior lighting shall be hooded and shielded at a 90-degree angle. Hoods/ shields shall be made of nonreflective, opaque material, which does not allow light to pass through.

- 9) The exterior of the structure shall be rust red siding and brown roofing in color in order to match the existing structure. If the applicant chooses to change the color of the existing structure and additions, either dark earth tone or dark natural color samples shall be submitted to the Planning Department for approval prior to the issuance of a building permit.
- 10) The roofline of the proposed development shall remain consistent with the roofline of the existing single-family dwelling.
- 11) The applicant shall meet all conditions of approval enacted to achieve visual subordination prior to final inspection by the Planning Department. The applicant is to coordinate all inspections with the Building Division. A final inspection approval will not be issued until compliance with all conditions of approval; including visual subordination criteria have been verified.
- 12) The Planning Department will conduct at least two site visits during construction, one to verify the location of the structures as stated by the Administrative Decision and a second to be conducted after all foundation excavation has been completed including framing footers, but prior to pouring the foundation. A site visit for Final Inspection shall also be conducted. Each inspection may take up to four business days from the time of calling for the inspection. Inspections should be arranged by calling the Building Division at 509-427-3920.
- 13) The following procedures shall be effected when cultural resources are discovered during construction activities:
 - a) Halt Construction. All construction activities within 100 feet of the discovered cultural resource shall cease. The cultural resources shall remain as found; further disturbance is prohibited.
 - b) Notification. The project applicant shall notify the Planning Department and the Gorge Commission within 24 hours of the discovery. If the cultural resources are prehistoric or otherwise associated with Native Americans, the project applicant shall also notify the Indian tribal governments within 24 hours.
 - c) Survey and Evaluations. The Gorge Commission shall arrange for the cultural resources survey.

Dated and Signed this 18th day of April, 2006, at Stevenson, Washington.

Jessica Davenport, Associate Planner
Skamania County Planning and Community Development.

NOTES

Any new residential development, related accessory structures such as garages or workshops, fences, and additions or alterations not included in this approved site plan, will require a new application and review.

As per SCC §22.06.050(C)(5), this Administrative Decision approving a proposed development action shall become void in two years if the development is not commenced within that period, or when the development action is discontinued for any reason for one continuous year or more.

APPEALS

The Director reserves the right to provide additional comment and findings of fact regarding this decision, if appealed.

This Administrative Decision shall be final unless reversed or modified on appeal. A written Notice of Appeal form must be filed by an interested person within 20 days from the date hereof. Appeals are to be made to the Skamania County Board of Adjustment, P.O. Box 790, Stevenson, WA 98648. Notice of Appeal forms are available at the Planning Department Office and must be accompanied by a \$1,000.00 nonrefundable filing fee.

WARNING

On November 30, 1998 the Columbia River Gorge Commission overturned a Skamania County Director's Decision 18 months after the 20 day appeal period had expired. You are hereby warned that you are proceeding at your own risk and Skamania County will not be liable for any damages you incur in reliance upon your Administrative Decision or any amendments thereto.

A copy of the Decision was sent to the following:

Skamania County Building Department
Skamania County Assessor's Office
