1. Nature and Location of Easement. The Easement granted herein by GRANTORS shall be a permanent easement for the benefit of GRANTEE for the purposes of installing, laying, constructing, maintaining, inspecting, repairing, replacing, renewing, using and operating utility lines (including water lines, electrical lines and telecommunications lines), in, under, upon, about, over and through the BURDENED PARCELS as legally described above. Such Easement is legally described on *Exhibit "A"* and is graphically described and depicted on *Exhibit "B"*, both of which are attached hereto and incorporated herein by this reference.

GRANTEE shall have the right, without notice and without prior institution of any suit or proceeding at law or equity, at all times as may be necessary to enter upon the BURDENED PARCELS to install, lay, construct, maintain, inspect, repair, remove, replace, renew, use and operate the utility lines.
