IMPORTANT NOTICE: You should examine the applicable state law to determine all requirements for an Affidavit of Annual Assessment Work and the time allowed for filing an affidavit, because requirements and time allowances vary from state to state. You should obtain Bureau of Land Management (BLM) regulations from your local BLM office to determine any applicable requirements for a mining claim, including payment of annual maintenance fees, maintenance fee waiver qualifications, payment of service charges, and recordation of evidence of annual assessment work and notices of intention to hold a mining claim. Under federal law, you can perform annual assessment work instead of paying annual maintenance fees only if you satisfy the qualifications for a maintenance fee waiver, including filing a certified statement of maintenance fee waiver with the BLM. Additional regulations of the BLM, the Forest Service and the applicable state may apply to the conducting of mining operations.
