1. **OPEN SPACE LAND MEANS EITHER:**

- a. any land area so designated by an official comprehensive land use plan adopted by any city or county and zoned accordingly; or
- b. any land area, the preservation of which in its present use would: (i) conserve and enhance natural or scenic resources; (ii) protect streams or water supply; (iii) promote conservation of soils, wetland, beaches, or tidal marshes; (iv) enhance the value to the public of abutting or neighboring parks, forests, wildlife preserves, nature reservations or sanctuaries or other open space; (v) enhance recreation opportunities; (vi) preserve historic sites; (vii) preserve visual quality along highway, road, and street corridors or scenic vistas; or (viii) retain in its natural state tracts of land not less than one acre situated in an urban area and open to public use on such conditions as may be reasonably required by the legislative body granting the open space classification; or
- c. any land that meets the definition of farm and agricultural conservation land. "Farm and agricultural conservation land is either; (i) land that was previously classified as open space farm and agricultural land that no longer meets the criteria of farm and agricultural land, and that is reclassified as open space and under RCW 84.34.020(1); or (ii) land that is traditional farmland that is not classified under chapter 84.33 or 84.34 RCW, that has not been irrevocably devoted to a use inconsistent with agricultural uses, and that has a high potential for returning to commercial agriculture.

2. **FARM AND AGRICULTURAL LAND MEANS EITHER:**

- a. any parcel of land or contiguous parcels of land in the same ownership of twenty or more acres: (i) devoted primarily to the production of livestock or agricultural commodities, for commercial purposes; or (ii) enrolled in the federal conservation reserve program or its successor administered by the United States department of agriculture; or (iii) other similar commercial activities as may be established by rule; or

- c. any parcel of land that is less than five acres devoted primarily to agricultural uses which has produced a gross income equal to fifteen hundred dollars or more per year for three out of the five calendar years preceding the date of application for classification under chapter 84.34 RCW; or
- d. any land on which the principal place of residence of the farm operator or owner of land or housing for employees is sited if the farm and agricultural land is classified pursuant to RCW 84.34.020 (e) if the residence or housing is on or contiguous to the classified parcel, and the use of the residence or housing is integral to the use of the classified land for agricultural purposes.

Agricultural land also includes (i) land on which appurtenances necessary for the production, preparation, or sale of commercial agricultural products are situated when the appurtenances are used in conjunction with the land(s) producing agricultural products, (ii) land incidentally used for an activity or enterprise that is compatible with commercial agricultural purposes as long as the incidental use does not exceed twenty percent of the classified land, and (iii) any noncontiguous parcels of land from one to five acres in size that constitutes an integral part of the commercial agricultural operations of a classified parcel of farm and agricultural land.
