Attachment to accident report by Paul Wagnoner 7-25-2008

#2008170416 filed on 7/14/08

I have had continuing problems sense the accident.

I had a series of x-rays on 7-21-08 at white salmon Hospital

I had a pacemaker check on 7-22-08 the recorder said it went off on 7-1-08 Between 4p.m. and 5p.m. This the time of the ride home in the van . this is very concerning to me.

As we were waiting for the van to pick us up on 7-1-08

~~When~~ Well then the other senior bus driver came in with just one person in his van. he came over to talk to me . He was the driver we had the last time we went to Vancouver and had 4 passengers in the van he put my wheel -chair under the center seat and had the lady get in on the left side door . I set in the same seat I road up in and had my seat-belt on both way's

When we got back he had the lady get out on the left side he then got my chair out on the right side then I got out.

It was a nice ride
