Administrative Decision

APPLICANT: Joseph Bacus

PROPERTY OWNER: Joseph and Sandra Bacus

FILE NO.: NSA-07-23

PROJECT: To remove an existing horse barn replacing it with a new 24' x 24' barn for agricultural purposes, construct an accessory structure (19.5' x 25') to be used as a caretaker's cottage (no cooking facilities), and to construct a 28' x 24' shed roof attached to the existing garage to be used for additional hay storage (replacing the existing hay storage).

LOCATION: 91 Sprague Landing Road, Stevenson; Section 29 of T3N, Range 8E, W.M. and identified as Skamania County Tax Lot #03-08-29-0-0-2003-00.

LEGAL: Lots 3 of the Patricia Andersen Short Plat, Skamania County Auditor's Book 3 Page 143.

ZONING: General Management Area-Residential (R-10).

DECISION: Based upon the record and the Staff Report, the application by Joseph Bacus, described above, **subject to the conditions set forth in this Decision**, is found to be consistent with SCC Title 22 and is **hereby approved**.

Although the proposed development is approved, it may not be buildable due to inadequate soils for septic and/or lack of potable water. These issues are under the jurisdiction of Skamania County's Building Division and the Skamania County Health Department.

Approval of this request does not exempt the applicant or successors in interest from compliance with all other applicable local, state, and federal laws.

CONDITIONS OF APPROVAL:

The following conditions are required to ensure that the subject request is consistent with Skamania County Code Title 22. **This document, outlining the conditions of approval, must be recorded by the applicant in the deed records of the Skamania County Auditor** in order to ensure notice of the conditions of approval to successors in interest. SCC §22.06.120(C)(2).

- 1) As per SCC §22.06.120(C)(2), this Administrative Decision **SHALL BE RECORDED** by the applicant in the County deed records prior to commencement of the approved project.
- 2) All developments shall be consistent with the enclosed site plan, unless modified by the following conditions of approval. If modified, the site plan shall be consistent with the conditions of approval. (See attached)
- 3) All structures, except fences, including eaves, awnings and overhangs shall meet the following setbacks: **Front yard:** 50 feet from the centerline of the street or road or 20 feet from the front property line, whichever is greater. **Side yard:** 20 feet. **Rear yard:** 20 feet. Setbacks are established from property lines, not fence lines. If any question arises regarding the location of the property lines, the applicant shall be required to hire a professional land surveyor to locate the property lines and mark them with temporary staking prior to a building permit being issued. Staking must remain during construction and all building inspections.
- 4) Only that grading which is necessary for site development (building pads, utilities, etc.) is permitted. All graded areas shall be re-seeded with native vegetation prior to final inspection by the Planning Department.
- 5) Planted vegetation shall be maintained to ensure survival.
- 6) The new accessory structure shall not have cooking facilities. Planning staff will inspect the structure at the final inspection to ensure cooking facilities have not been constructed.
- 7) The applicant shall retain the existing on-site trees within 500 feet of the building sites to provide screening from KVAs and maintain visual subordination except as is necessary for construction of access roads, building pads, leach fields, etc., the existing tree cover screening the development from key viewing areas shall be retained.

- 8) The structures shall be composed of nonreflective materials or materials with low reflectivity.
- 9) All exterior lighting shall be hooded and shielded at a 90-degree angle. Hoods/ shields shall be made of nonreflective, opaque material, which does not allow light to pass through.
- 10) The barn shall not exceed 24', the accessory structure 24' and the shed roof addition 14' in height from the top of footers to roof peaks.
- 11) The existing barn shall be removed/demolished within 30 days of appraisal of final inspection for the new barn.
- 12) The exteriors of the structures shall be dark earth tone in color, such as the approved dark brown cedar siding and black composite roofing that matches the existing single-family dwelling. If the applicant chooses to use different colors new physical color samples shall be submitted to the Planning Department for approval prior to issuance of a building permit.
- 13) The applicant shall meet all conditions of approval enacted to achieve visual subordination prior to final inspection by the Planning Department. The applicant is to coordinate all inspections with the Building Division. A final inspection approval will not be issued until compliance with all conditions of approval; including visual subordination criteria have been verified.
- 14) The Planning Department will conduct at least two site visits during construction, one to verify the location of the structures as stated by the Administrative Decision and a second to be conducted after all foundation excavation has been completed including framing footers, but prior to pouring the foundation. A site visit for Final Inspection shall also be conducted. Each inspection may take up to four business days from the time of calling for the inspection. Inspections should be arranged by calling the Building Division at 509-427-3920.
- 15) The following procedures shall be effected when cultural resources are discovered during construction activities:
 - a) Halt Construction. All construction activities within 100 feet of the discovered cultural resource shall cease. The cultural resources shall remain as found; further disturbance is prohibited.
 - b) Notification. The project applicant shall notify the Administrator and the Gorge Commission within twenty-four (24) hours of the discovery. If the cultural resources are prehistoric or otherwise associated with Native Americans, the project applicant shall also notify the Indian tribal governments within twenty-four (24) hours.
 - c) Survey and Evaluations. The Gorge Commission shall survey the cultural resources after obtaining written permission from the landowner and appropriate permits from the DAHP. (See Revised Code of Washington 27.53) It shall gather enough information to evaluate the significance of the cultural resources. The survey and evaluation shall be documented in a report that generally follows the provisions in Section 22.22.030 of this Chapter. Based upon the survey and evaluation report and any written comments, the Administrator

shall make a final decision on whether the resources are significant. Construction activities may recommence if the cultural resources are not significant.

- d) Mitigation Plan. Mitigation plans shall be prepared according to the information, consultation and report provisions contained in Section 22.22.050 of this Chapter. Construction activities may recommence when conditions in the mitigation plan have been executed.
- 16) The following procedures shall be effected when human remains are discovered during a cultural resource survey or during construction. Human remains means articulated or disarticulated human skeletal remains, bones or teeth, with or without attendant burial artifacts.
- a) Halt of Activities. All survey, excavation and construction activities shall cease.
 - b) Notification. Local law enforcement officials, the Administrator, the Gorge Commission, and the Indian tribal governments shall be contacted immediately.
 - c) Inspection. The county coroner, or appropriate official, shall inspect the remains at the project site and determine if they are prehistoric/ historic or modern. Representatives of the Indian tribal governments shall be contacted immediately and have an opportunity to monitor the inspection.
 - d) Jurisdiction. If the remains are modern, the appropriate law enforcement official shall assume jurisdiction and the cultural resource protection process may conclude.
 - e) Treatment. The procedures set out in RCW 27.44 and 68.05 shall generally be implemented if the remains are prehistoric/ historic. If human remains will be reinterred or preserved in their original position, a mitigation plan shall be prepared in accordance with the consultation and report requirements set out in Section 22.22.050 of this Chapter. The mitigation plan shall accommodate the cultural and religious concerns of Native Americans. The cultural resource protection process may conclude when conditions set forth in Section 22.22.050(C) of this Chapter are met and the mitigation plan is executed.

Dated and Signed this 16th day of June, 2008, at Stevenson, Washington.
