Administrative Decision

**APPLICANT/
PROPERTY
OWNER:**

Tim & Jolene Tolbert

FILE NO.:

NSA-09-37

PROJECT:

Application to construct an accessory structure (24'x36'x16') and associated utilities.

LOCATION:

41 Melody Lane, Underwood; Section 15 of T3N, R10E, W.M. and is identified as Skamania County Tax Lot Number 03-10-15-0-0-0203-00.

LEGAL:

See attached page(s) 9.

ZONING:

General Management Area – Small Scale Agricultural (Ag-2).

DECISION:

Based upon the record and the Staff Report, the application by Tim & Jolene Tolbert, described above, **subject to the conditions set forth in this Decision**, is found to be consistent with SCC Title 22 and **is hereby approved.**

Although the proposed development is approved, it may not be buildable due to inadequate soils for septic and/or lack of potable water. These issues are under the jurisdiction of Skamania County's Building Division and the Skamania County Environmental Health Division.

Approval of this request does not exempt the applicant or successors in interest from compliance with all other applicable local, state, and federal laws.

CONDITIONS OF APPROVAL:

The following conditions are required to ensure that the subject request is consistent with Skamania County Code Title 22. **This document, outlining the conditions of approval, must be recorded by the applicant in the deed records of the Skamania County Auditor** in order to ensure notice of the conditions of approval to successors in interest. SCC §22.06.120(C)(2).

- 1) As per SCC §22.06.120(C)(2), this Administrative Decision **SHALL BE RECORDED** by the applicant in the County deed records prior to commencement of the approved project.
- 2) All developments shall be consistent with the enclosed site plan, unless modified by the following conditions of approval. If modified, the site plan shall be consistent with the conditions of approval. (See attached)
- 3) All structures, except fences, including eaves, awnings and overhangs shall meet the following setbacks: **Front yard:** 50 feet from the centerline of the street or road or 20 feet from the front property line, whichever is greater. **Side yard:** 20 feet. **Rear yard:** 20 feet. Setbacks are established from property lines, not fence lines. If any question arises regarding the location of the property lines, the applicant shall be required to hire a professional land surveyor to locate the property lines and mark them with temporary staking prior to a building permit being issued. Staking must remain during construction and all building inspections.

The agriculture setbacks are as follows: the proposed development or any future development shall be setback 15 feet from the north, south and west property lines and 100 feet from the east property line.

- 4) The combined footprint of all accessory buildings on the subject parcel shall not exceed 1,500 square feet. The footprint of any individual accessory building shall not exceed 1,500 square feet, and that the height of any individual accessory building shall not exceed a height of 24 feet.
- 5) The accessory buildings shall not accommodate a cooking area or kitchen. Community Development staff shall conduct a site visit to confirm that the proposed accessory building does not include a kitchen or cooking area prior to signing off on the certificate of occupancy and/or final inspection.

Page 3

- 6) Only that grading which is necessary for site development (building pads, utilities, etc.) is permitted. All graded areas shall be re-seeded with native vegetation prior to final inspection by the Community Development Department.
- 7) The project applicants and/or future owners shall be responsible for the proper maintenance and survival of any planted vegetation required under this chapter. Any vegetation that dies shall be replaced in-kind within the first available growing season. The only exception is that replacement trees may be the same size as that specified for new trees, which shall be at least 5 feet in height at planting. Limbing or topping of screening trees is prohibited.
- 8) The applicant and/or future owner shall retain the existing screening trees located on the subject parcel to provide screening from key viewing areas and maintain visual subordination.
- 9) The exterior of the proposed structure shall be composed of non-reflective materials or materials with low reflectivity. The exterior includes, but is not limited to, sides, doors, windows, decks, gutters, roofs, and trim. The applicant has proposed hardiplank siding and asphalt composition shingle roofing. These materials are approved for use.
- 10) All exterior lighting shall be hooded and shielded at a 90-degree angle. Hoods/ shields shall be made of nonreflective, opaque material, which does not allow light to pass through. (See attached Lighting Brochure)
- 11) The exterior of the proposed structure shall be dark earth-tone in color. The exterior includes, but is not limited to, sides, doors, decks, gutters, roofs, garage doors and trim.

The following material colors submitted by the applicant are consistent with this condition and are hereby approved: hardiplank siding painted Behr "Mountain Elk" (740D-06); and roofing – asphalt composition shingle in dark gray. Any proposed changes to these colors shall be submitted for review by the Community Development Department prior to construction.
- 12) Except as is necessary for site development or safety purposes, all existing tree cover on the subject parcel shall be retained.
- 13) Vegetative landscaping shall, where feasible, retain the open character of existing pastures and fields
- 14) The applicant shall meet all conditions of approval enacted to achieve visual subordination prior to final inspection by the Community Development Department. The applicant is to coordinate all inspections with the Building Division. A final inspection approval will not be issued until compliance with all conditions of approval; including visual subordination criteria have been verified.

Page 4

- 15) The Community Development Department will conduct at least two site visits during construction, one to verify the location of the structures as stated by the Administrative Decision and a second to be conducted after all foundation excavation has been completed including framing footers, but prior to pouring the foundation. A site visit for Final Inspection shall also be conducted. Each inspection may take up to four business days from the time of calling for the inspection. Inspections should be arranged by calling the Building Division at 509-427-3920.
- 16) The following procedures shall be effected when cultural resources are discovered during construction activities:
 - a. Halt Construction. All construction activities within 100 feet of the discovered cultural resource shall cease. The cultural resources shall remain as found; further disturbance is prohibited.
 - b. Notification. The project applicant shall notify the Administrator and the Gorge Commission within twenty-four (24) hours of the discovery. If the cultural resources are prehistoric or otherwise associated with Native Americans, the project applicant shall also notify the Indian tribal governments within twenty-four (24) hours.
 - c. Survey and Evaluations. The Gorge Commission shall survey the cultural resources after obtaining written permission from the landowner and appropriate permits from the DAHP. (See Revised Code of Washington 27.53) It shall gather enough information to evaluate the significance of the cultural resources. The survey and evaluation shall be documented in a report that generally follows the provisions in Section 22.22.030 of this Chapter. Based upon the survey and evaluation report and any written comments, the Administrator shall make a final decision on whether the resources are significant. Construction activities may recommence if the cultural resources are not significant.
 - d. Mitigation Plan. Mitigation plans shall be prepared according to the information, consultation and report provisions contained in Section 22.22.050 of this Chapter. Construction activities may recommence when conditions in the mitigation plan have been executed.
- 17) The following procedures shall be effected when human remains are discovered during a cultural resource survey or during construction. Human remains means articulated or disarticulated human skeletal remains, bones or teeth, with or without attendant burial artifacts.
 - a. Halt of Activities. All survey, excavation and construction activities shall cease.
 - b. Notification. Local law enforcement officials, the Administrator, the Gorge Commission, and the Indian tribal governments shall be contacted immediately.
 - c. Inspection. The county coroner, or appropriate official, shall inspect the remains at the project site and determine if they are prehistoric/ historic or modern. Representatives of the Indian tribal governments shall be contacted immediately and have an opportunity to monitor the inspection.

File: NSA-09-37 (Isler) Administrative Decision
Page 5

- d. Jurisdiction. If the remains are modern, the appropriate law enforcement official shall assume jurisdiction and the cultural resource protection process may conclude.
- e. Treatment. The procedures set out in RCW 27.44 and 68.05 shall generally be implemented if the remains are prehistoric/ historic. If human remains will be reinterred or preserved in their original position, a mitigation plan shall be prepared in accordance with the consultation and report requirements set out in Section 22.22.050 of this Chapter. The mitigation plan shall accommodate the cultural and religious concerns of Native Americans. The cultural resource protection process may conclude when conditions set forth in Section 22.22.050(C) of this Chapter are met and the mitigation plan is executed.

Dated and Signed this 24 day of September, 2009, at Stevenson, Washington.

Nicole Hollatz, Associate Planner
Skamania County Community Development Department.

NOTES

Any new residential development, related accessory structures such as garages or workshops, fences, and additions or alterations not included in this approved site plan, will require a new application and review.

EXPIRATION

As per SCC §22.06.150(A), this Administrative Decision approving a proposed development action shall become void in two years if the development is not commenced within that period, or once development has commenced the development action is discontinued for any reason for one continuous year or more.

If the development does not include a structure the permit shall expire two years after the date the land use approval was granted unless the use or development was established according to all specifications and conditions of approval in the approval. For land divisions, "established" means the final deed or plat has been recorded with the county auditor.

If the development includes a **structure** the permit shall expire when construction has not commenced within two (2) years of the date the land use approval was granted; or once the structure has been started and if the structure has not been completed within two (2) years of the date of commencement of construction the permit shall expire. Completion of the structure for this purpose means the completion of the exterior surface(s) of the structure; and compliance

with all conditions of approval in the land use approval, including, but not limited to, painting of the exterior of the structure.

APPEALS

The Director reserves the right to provide additional comment and findings of fact regarding this decision, if appealed.

This Administrative Decision shall be final unless reversed or modified on appeal. A written Notice of Appeal form must be filed by an interested person within 20 days from the date hereof. Appeals are to be made to the Skamania County Hearing Examiner, P.O. Box 790, Stevenson, WA 98648. Notice of Appeal forms and mailing lists are available at the Community Development Department Office and must be accompanied by a \$500.00 nonrefundable filing fee and certificate of mailing.

WARNING

On November 30, 1998 the Columbia River Gorge Commission overturned a Skamania County Director's Decision 18 months after the 20 day appeal period had expired. You are hereby warned that you are proceeding at your own risk and Skamania County will not be liable for any damages you incur in reliance upon your Administrative Decision or any amendments thereto.

Exhibit 'A'
Description for Boundary Line Adjustment

A parcel of land situated within the NW¼ SE¼ Section 15, Township 3 North, Range 10 East, W.M., in the County of Skamania, in the State of Washington, and described as follows:

The South 307.0 feet of the East 313.79 feet of said NW¼ SE¼ as measured along the east and south lines thereof; EXCEPTING THEREFROM the East 30 feet conveyed to Skamania County by instrument recorded May 9, 1934, Auditor File No. 19433; TOGETHER WITH AND SUBJECT TO an easement of 30 feet in width for access purposes, the centerline of which is the North line of the above-described parcel, all of which lies within a portion of Lot 3 of the VAN HORN Short Plat as shown on the map thereof recorded in Book 3 at Page 144 of Short Plats, Auditor File No. 107362; ALL records of said County.

Containing 2.00 Acres, +/-.

The purpose of this deed is to affect a boundary line adjustment between adjoining parcels of land owned by the Grantor and Grantee; it is not intended to create a separate parcel, and is therefore exempt from the requirements of RCW 58.17 and the Skamania County Short Plat Ordinance. The property described in this deed cannot be segregated and sold without conforming to the State of Washington and Skamania County Subdivision laws.
