Termination of Shared Well Agreement
Georgia Meadow Short Plat
Recorded 5-24-2011

As outlined in the shared well agreement recorded AF 2011178314, which states: "This shared well agreement may be terminated if a new well meeting county and state standards is drilled on Lot # 1, and by signed mutual agreement by both the owners of Lot #1 and Lot # 2 of the Georgia Meadow Short Plat."

This is to verify that a new well meeting county and state standards has been drilled on Lot #1, of the Georgia Meadow Short Plat, and the well is now registered with the Washington Department of Ecology Unique Well with a assigned number of BCH535 (see attachment).

This is to verify that the well located on tax parcel # 2 of the George Meadow Short Plat, registered with the Washington Department of Ecology Unique Well Number BBP 303, will no longer serve as a shared well.

Further, well utility easement for access to well between parcel #1 and parcel #2 of the Georgia Meadow Short Plat is terminated.
