## **Groundwater Well Settlement Agreement, Covenant, and Release**

This Groundwater Well Settlement Agreement, Covenant, and Release (the “**Agreement**”), including Addendum A and all Exhibits attached hereto, is by and between PacifiCorp, an Oregon corporation, dba PacifiCorp Energy (“**PacifiCorp**”), and David M. and Ann Rogers Williams (the “**Well Owner**”).

### **Background**

- A. PacifiCorp owns the Condit Hydroelectric Project (the “**Project**”) located on the White Salmon River in Skamania and Klickitat counties, Washington. The Project includes a dam (Condit Dam) and a former reservoir site (Northwestern Lake). PacifiCorp operates the Project under license issued by the Federal Energy Regulatory Commission (“**FERC**”). FERC has authorized PacifiCorp to decommission and remove the Project.
- B. Well Owner owns that certain real property known as Skamania County, Washington Tax Lot 03100300020700 located near the Project (“**Well Owner’s Property**”). Well Owner’s Property includes a ground water well (the “**Well**”).
- C. On October 26, 2011, PacifiCorp breached Condit Dam and drained Northwestern Lake, all as authorized by FERC order. Well Owner has subsequently developed problems with the Well serving the Well Owner’s Property. Well Owner asserts that PacifiCorp’s breach of the dam and draining of the reservoir lowered the water table and adversely impacted the Well.
- D. Under the terms and conditions of this Agreement, PacifiCorp is willing to provide certain funding mitigation for impacts to the Well and Well Owner is willing to release PacifiCorp from any claim or liability associated with impacts to the Well.

### **Terms and Conditions**

- 1. **Mitigation for Impacts to Well.** Subject to all of the terms and conditions of this Section 1, the Well Owner may elect one of two mutually exclusive options: A) to modify or re-drill the Well; or B) to obtain domestic water service from the City of White Salmon (the “**City**”). **Addendum A**, which is attached hereto and incorporated herein by this reference, memorializes which of these two options the Well Owner has elected to pursue (if a selection has been made at the time this Agreement is executed), and Addendum A also memorializes the magnitude of the reimbursement agreed to by the parties and any other case specific

details agreed to by the parties. Subject to the limits contained in this Agreement (including Addendum A), PacifiCorp will reimburse the actual, reasonable costs for one of the above two options in the amount specified in Addendum A (the "**Reimbursement**"). The Reimbursement shall be the lesser of options (A) or (B) above, as supported by reasonable estimates acceptable to PacifiCorp.

The Well Owner may retain a well drilling contractor licensed by the State of Washington (the "**Drilling Contractor**") to modify or re-drill the Well as necessary to restore function. Alternatively, the Well Owner may obtain from the City a line extension and service "hook-up" sufficient to allow the Well Owner to obtain domestic water service from the City to the Well Owner's Property. The activities and materials reasonably necessary to accomplish either of these options are referred to in this Agreement as the "**Work**." The Work does not include: 1) ongoing cost to operate or maintain the modified or re-drilled Well; 2) ongoing costs to obtain or maintain domestic water service from the City; or 3) improvements that upgrade, expand the function, or increase capacity of the Well beyond the grade, function or capacity of the Well prior to breach of Condit Dam. The scope of work performed and the costs invoiced by the Drilling Contractor or the City (hereafter the "**Vendor**") must be reasonable. PacifiCorp has no obligation under this Agreement to pay for any Work which is not reasonable in scope or cost. PacifiCorp has the right to have the scope of the work and the rates charged independently reviewed by its hydrologist, groundwater well professional, or other relevant expert. Upon reasonable notice to Well Owner, PacifiCorp or its representative may visit the well or new City water system site before, during and/or after the Work. PacifiCorp or its representative will be given access to inspect the well or new City water system and related equipment. This may involve making water level measurements and conducting a pumping yield test.

- 1.1 **Documents to be Provided to PacifiCorp.** Within one (1) year of the date of PacifiCorp's execution of this Agreement, the Well Owner will provide PacifiCorp with: (A) a copy of the Vendor's invoice for the Work; and (B) evidence that Well Owner has paid the Vendor the full amount due. These documents must be in a form reasonably acceptable to PacifiCorp. PacifiCorp has no obligation to pay for any portion of the Work that has not been documented (as required by this Section 1.1) within this one (1) year period.
- 1.2 **Payment.** Within sixty (60) days of PacifiCorp's receipt of the documents required by Section 1.1, PacifiCorp will pay to the Well Owner the Reimbursement specified in Addendum A. PacifiCorp may, in its sole discretion, elect to: (A) accept a copy of the Vendor's invoice in satisfaction of the document requirements of Section 1.1; and (B) discharge its above obligation to pay the Reimbursement specified in Addendum A by making such Reimbursement payment directly to the Vendor.
- 1.3 **Responsibility for the Work.** By agreeing to pay the Reimbursement specified in Addendum A, PacifiCorp is neither agreeing to be responsible for the Work nor in any way representing or warranting that the Work will satisfactorily restore the function of the Well or facilitate the supply of domestic water service from the City. PacifiCorp has no responsibility for the Well or the Work beyond making the payment required by

Section 1.2. Neither the Well Owner nor the Vendor is an agent or employee of PacifiCorp.

- 2. Release; Public Statements.** *The Parties acknowledge and agree that this Agreement is entered into in full settlement and resolution of a dispute regarding whether PacifiCorp has any obligation to Well Owner with regard to impacts to the Well. In consideration of the obligation undertaken by PacifiCorp under Section 1 of this Agreement, Well Owner releases PacifiCorp (and all related parties, including subsidiaries, affiliates, agents, employees, and successors in interest) from all claims, liabilities, and damages of any kind (whether known or unknown) which are related in any way to the impact of the Project decommissioning on the Well, or newly installed well or water service from the City. This release does not apply to claims that Well Owner may have against PacifiCorp in connection with enforcement of this Agreement. The terms of this release have been completely read and are fully understood and voluntarily accepted for the purpose of making a full and final compromise settlement of any and all claims (disputed or otherwise) arising from the impact of the Project decommissioning on the Well.* If Well Owner makes any public statement regarding the impact of Project decommissioning on the Well, Well Owner will affirmatively state that it has entered into an agreement with PacifiCorp settling all claims for impacts to the Well and that PacifiCorp has agreed to reimburse certain of the costs to modify the Well or obtain City water service.

**3. Representations and Warranties.**

**3.1 Well Owner's Representations and Warranties.** Well Owner represents and warrants to PacifiCorp as follows:

- (A) **Ownership.** Well Owner is the owner of Well Owner's Property, the Well and all associated improvements; no other person has any ownership interest in the Well Owner's Property or the Well.
- (B) **No Liens.** Well Owner has not created any encumbrances on or granted any rights in the Well.
- (C) **No Conflicts.** There are no agreements, court or administrative orders, or other limitations that would prevent Well Owner from entering into this Agreement and engaging in the activities and performing the obligations provided for herein.

**3.2 PacifiCorp's Representations and Warranties.** PacifiCorp represents and warrants to Well Owner as follows:

- (A) **No Conflicts.** There are no agreements, court or administrative orders, or other limitations that would prevent PacifiCorp from entering into this Agreement and engaging in the activities and performing the obligations provided for herein.

- 4. Well Owner's Successors in Interest; Recording.** The parties intend that the terms of this Agreement will be binding on the Well Owner's successors in interest to the Well Owner's

Property and that the release contained in Section 2 above will be treated as a covenant running with the land. Within ten (10) days of the full execution of this Agreement, PacifiCorp will record this Agreement with the relevant county office maintaining title records on the Well Owner's Property. The Well Owner hereby consents to PacifiCorp's recording (and if necessary re-recording) this Agreement. If there is any technical deficiency that prevents effective recording of this Agreement, the parties will cooperate to cure the deficiency such that this Agreement can be recorded no later than twenty (20) days following full execution of this Agreement. Prior to any transfer of the Well Owner's Property, the Well Owner will provide its successor in interest with actual written notice of this Agreement, the release contained in Section 2, and the fact that the release is binding on Well Owner's successors in interest.

5. **No Admission of Causation or Liability.** This Agreement is not an admission that PacifiCorp's actions in draining Northwestern Lake caused any impact on Well Owner's Property or the Well. PacifiCorp reserves any and all defenses against all claims.

This Section 7.4 will survive termination of this Agreement.

  - (B) The phrase “Project decommissioning” contemplates all actions associated with the decommissioning and removal of the Project including breach of the dam, draining of the reservoir, sediment transport, re-contouring and re-vegetation of the former reservoir area, dam removal and any and all projects related to decommissioning including work on Northwestern Lake Bridge and the relocation of the City of White Salmon’s water transmission line.
  - (C) The term “City” includes any contractors or agents of the City of White Salmon involved in any way in a line extension or domestic water service “hook-up” between the City and Well Owner.

2. This Addendum A has been incorporated by reference as part of the Agreement (*see* Section 1 of Agreement). Unless otherwise specifically stated, all of the terms and conditions of the Agreement will apply to the interpretation and implementation of this Addendum A. Undefined terms with initial capitalization shall have the meaning assigned in the Agreement. The terms and condition of this Addendum A shall apply during the full term of the Agreement. Any modification of the terms of this Addendum A must be made in writing and signed by both Parties.

3. Section 1 of the Agreement provides that Well Owner may elect one of two mutually exclusive options: a) to modify or re-drill the Well; or b) to obtain domestic water service from the City. The Parties hereby acknowledge and agree that Well Owner has elected to retain a Drilling Contractor to modify or re-drill the Well. Well Owner will not change this selected option unless PacifiCorp has agreed in writing to such a change.

4. Subject to all of the requirements of the Agreement, the Parties have agreed that the Reimbursement referred to in Section 1 of the Agreement and required to be paid by PacifiCorp under Section 1.2 of the Agreement will be as follows:
