Administrative Decision

APPLICANT: Kathryn Keller

PROPERTY OWNER: Kathryn, Klaudia, and Scott Keller

FILE NO.: NSA-12-30

PROJECT: To excavate around the foundation and construct a new wall next to the foundation of the existing cabin, as the existing foundation wall is bowing and cracking and water is intruding into the cabin near the base of the wall. The proposed wall will be a total of 62' in length, a maximum of 8' in height, and 8" thick.

LOCATION: Cabin #4 Wauna Lake Club, Stevenson, Section 15 of T2N, R7E, W.M. and is identified as Skamania County Tax Lot Number 32-07-15-0-0-1504-00.

LEGAL: Cabin #4 Wauna Lake Club.

ZONING: General Management Area – Large Woodland (F-2).

DECISION: Based upon the record and the Staff Report, the application by Kathryn Keller, described above, **subject to the conditions set forth in this**

**Skamania County Community Development Department
File: NSA-12-30 (Keller) Administrative Decision

Decision, is found to be consistent with SCC Title 22 and **is hereby approved**.

Although the proposed development is approved, it may not be buildable due to inadequate soils for septic and/or lack of potable water. These issues are under the jurisdiction of Skamania County's Building Division and the Skamania County Environmental Health Division.

Approval of this request does not exempt the applicant or successors in interest from compliance with all other applicable local, state, and federal laws.

CONDITIONS OF APPROVAL:

The following conditions are required to ensure that the subject request is consistent with Skamania County Code Title 22. **This document, outlining the conditions of approval, must be recorded by the applicant in the deed records of the Skamania County Auditor** in order to ensure notice of the conditions of approval to successors in interest. SCC §22.06.120(C)(2).

- 1) As per SCC §22.06.120(C)(2), this Administrative Decision **SHALL BE RECORDED** by the applicant in the County deed records prior to commencement of the approved project.
- 2) All developments shall be consistent with the enclosed site plan, unless modified by the following conditions of approval. If modified, the site plan shall be consistent with the conditions of approval. (See attached)
- 3) All structures, except fences, including eaves, awnings and overhangs shall meet the following setbacks: **Front yard:** 50 feet from the centerline of the street or road or 20 feet from the front property line, whichever is greater. **Side yard:** 20 feet. **Rear yard:** 20 feet. Setbacks are established from property lines, not fence lines. If any question arises regarding the location of the property lines, the applicant shall be required to hire a professional land surveyor to locate the property lines and mark them with temporary staking prior to a building permit being issued. Staking must remain during construction and all building inspections.
- 4) If excess materials are removed from the site they shall not be disposed of inside of the boundaries of the National Scenic Area without proper review by the Skamania County Community Development Department.
- 5) Only that grading which is necessary for site development (building pads, utilities, etc.) is permitted. All graded areas shall be re-seeded with native vegetation prior to final inspection by the Community Development Department.

- 6) Planted vegetation shall be maintained to ensure survival.
- 7) The wall shall be constructed using best management practices.
- 8) A variance to the 75 foot buffer of Fern Lake shall be granted to allow for the construction of the foundation wall as shown on the approved site plan.
- 9) All natural vegetation shall be retained to the greatest extent practicable, including aquatic and riparian vegetation.
- 10) Temporary and permanent control measure shall be applied to minimize erosion and sedimentation when riparian areas are disturbed, including slope netting, berms and ditches, tree protection, sediment barriers, infiltration systems and culverts.
- 11) Disturbed areas shall be rehabilitated with native vegetation, and to its natural condition to the maximum extent practicable.
- 12) Rehabilitation efforts of the disturbed areas shall be complete no later than 90 days after the disturbance of the water resource buffer. Within three years after rehabilitation at least 75% of the replacement vegetation must survive. The applicant/ cabin owner shall be responsible for monitoring the replacement vegetation and replacing vegetation when needed.
- 13) The Community Development Department will conduct at least two site visits during construction, one to verify the location of the structures as stated by the Administrative Decision and a second to be conducted after all foundation excavation has been completed including framing footers, but prior to pouring the foundation. A site visit for Final Inspection shall also be conducted. Each inspection may take up to four business days from the time of calling for the inspection. Inspections should be arranged by calling the Community Development inspection line at 509-427-3922 or through the permit center public portal at <https://co-skamania-wa.smartgovcommunity.com/portal/Public/Welcome>.
- 14) It has been recommended by the Confederated Tribes and Bands of the Yakama Nation that a professional monitor be present during all ground disturbing activities, and that the resulting monitoring report should be submitted to the Yakama Nation Cultural Resources Program for review. Skamania County Community Development recommends, but does not require, that the property owners obtain a professional archaeologist for monitoring of ground disturbing activities.
- 15) The following procedures shall be effected when cultural resources are discovered during construction activities:

Page 4

- a) **Halt Construction.** All construction activities within 100 feet of the discovered cultural resource shall cease. The cultural resources shall remain as found; further disturbance is prohibited.
 - b) **Notification.** The project applicant shall notify the Administrator and the Gorge Commission within twenty-four (24) hours of the discovery. If the cultural resources are prehistoric or otherwise associated with Native Americans, the project applicant shall also notify the Indian tribal governments within twenty-four (24) hours.
 - c) **Survey and Evaluations.** The Gorge Commission shall survey the cultural resources after obtaining written permission from the landowner and appropriate permits from the DAHP. (See Revised Code of Washington 27.53) It shall gather enough information to evaluate the significance of the cultural resources. The survey and evaluation shall be documented in a report that generally follows the provisions in Section 22.22.030 of this Chapter. Based upon the survey and evaluation report and any written comments, the Administrator shall make a final decision on whether the resources are significant. Construction activities may recommence if the cultural resources are not significant.
 - d) **Mitigation Plan.** Mitigation plans shall be prepared according to the information, consultation and report provisions contained in Section 22.22.050 of this Chapter. Construction activities may recommence when conditions in the mitigation plan have been executed.
- 16) The following procedures shall be effected when human remains are discovered during a cultural resource survey or during construction. Human remains means articulated or disarticulated human skeletal remains, bones or teeth, with or without attendant burial artifacts.
- a) **Halt of Activities.** All survey, excavation and construction activities shall cease.
 - b) **Notification.** Local law enforcement officials, the Administrator, the Gorge Commission, and the Indian tribal governments shall be contacted immediately.
 - c) **Inspection.** The county coroner, or appropriate official, shall inspect the remains at the project site and determine if they are prehistoric/ historic or modern. Representatives of the Indian tribal governments shall be contacted immediately and have an opportunity to monitor the inspection.
 - d) **Jurisdiction.** If the remains are modern, the appropriate law enforcement official shall assume jurisdiction and the cultural resource protection process may conclude.

- e) Treatment. The procedures set out in RCW 27.44 and 68.05 shall generally be implemented if the remains are prehistoric/ historic. If human remains will be reinterred or preserved in their original position, a mitigation plan shall be prepared in accordance with the consultation and report requirements set out in Section 22.22.050 of this Chapter. The mitigation plan shall accommodate the cultural and religious concerns of Native Americans. The cultural resource protection process may conclude when conditions set forth in Section 22.22.050(C) of this Chapter are met and the mitigation plan is executed.

Dated and Signed this 11th day of April, 2013, at Stevenson, Washington.

 Jessica Davenport, Planning Manager
 Planning Division

NOTES

Any new residential development, related accessory structures such as garages or workshops, fences, and additions or alterations not included in this approved site plan, will require a new application and review.

EXPIRATION

As per SCC §22.06.150(A), this Administrative Decision approving a proposed development action shall become void in two years if the development is not commenced within that period, or once development has commenced the development action is discontinued for any reason for one continuous year or more.

If the development does not include a structure the permit shall expire two years after the date the land use approval was granted unless the use or development was established according to all specifications and conditions of approval in the approval. For land divisions, "established" means the final deed or plat has been recorded with the county auditor.

If the development includes a **structure** the permit shall expire when construction has not commenced within two (2) years of the date the land use approval was granted; or once the structure has been started and if the structure has not been completed within two (2) years of the date of commencement of construction the permit shall expire. Completion of the structure for this purpose means the completion of the exterior surface(s) of the structure; and compliance with all conditions of approval in the land use approval, including, but not limited to, painting of the exterior of the structure.
