Re: The citations 4Z0291709 & 4Z0291708 are contracts that I was forced to take into my possession under threat of Jail. The contractual citations were rejected and returned as forced under duress.

I have filed a **NOTICE OF INTEREST (LIS PENDENS)** against all real and personal property owned by the above listed individuals. All of their real and personal property (assets) will be subject to confiscation by constitutional commercial liens pursuant to Constitutional Ledgering. The constitutional ledgering is outlined in UCC Title 18 §§ 4, 241, 242, which lists the ledger values for crimes committed by government employees against the sovereign people. When a Government representative fails to follow his blood oath to protect the people's sacred constitutional rights, then he/she can be held commercially liable and /or subject to prosecution or loss of property for the damages caused to the sovereign people. Each and every one of the above listed people has sworn a blood oath to protect my constitutional rights as a sovereign individual domiciled on his titled land. The above listed have failed, therefore there is a price to be paid.

RCW 60.70.030 No duty to accept filing of common law lien — Filing of a notice of invalid lien. This is not a common law lien. It is a **NOTICE OF INTEREST (LIS PENDENS)**, in Commerce. Completely different from a common law lien. The common law lien can be controlled by the judicial system. The Commercial process is not under the jurisdiction of the judicial system.

The above listed individuals have unconstitutionally issued a warrant for the arrest of, sovereign David A. Darby, or they are complicit in the fraud and theft of my constitutional protected rights and personal property. I served each and every one with a lawful affidavit of challenge to their claimed jurisdiction that they have not defined in constitutional law, with special appearance to the Battle Ground court and Battle Ground government. I also promised to appear at their earliest convenience as soon as they had lawfully rebutted the challenge of jurisdiction in Constitutional law. I gave the above listed individuals a generous 30 day period to rebut the facts of the affidavit in Constitutional law. The court responded with an immediate warrant for my arrest without issuing a rebuttal on March 13, 2014. The warrant was not scheduled to be signed by a judge until March 20th 2014. Therefore, I am forced to proceed with my first step in Commerce against the commercial liability of the above individuals with a **NOTICE OF INTEREST** on all real and private property. It is patently obvious that the above listed individuals have no interest in following their freely given Blood oaths as a promise to protect the sovereign people's constitutional rights in this county. I have seen that there is no Constitutional Justice in this court, in this county or in this state.

The above listed are on notice that they will be listed as defendants in a Federal Criminal Complaint, which will convert into a Consensual Lien, **not a common law lien**, for the crime of not following their sacred oath to protect the God given constitutional rights of the sovereign people, if this process is treated with contempt. [See Article 2, Section 3 of the 1878 Constitution of the State of Washington.] There is no protection in law against a commercial lien. This is the last resort of the sovereign people, not the slaves that the government is used to dealing with. The government assumes that it is dealing with slaves that have no idea of the

contracts they have signed that put them into feudal slavery. I have cancelled all contracts with the corporation. There is no contract that I have to abide by. In this case, the above individuals are complicit in not protecting my constitutional rights and continuing the theft of my private property, in opposition to their oaths to the United States Constitution and the lawful Constitution of the State of Washington. This case involves my automobile and my rights to travel and retain clear title to my automobile which are constitutional protected rights.

I reserve the right to update this NOTICE OF LIEN as new information becomes available.

I, David A. Darby, give notice of how this is going to proceed. The NOTICE OF LIEN is served on the county before the arraignment. Once I am given a trial date and time to show up, I will prepare the Federal Criminal Complaint that will prove the loss of my constitutional rights in this town and court. Once finished, the Criminal Complaint will be ready to be sent to the US Attorney as a criminal complaint against the above listed people. Once convicted, as I know will happen, due to the absence of constitutional rights protection in Battle Ground, the Criminal Complaint will be sent to the US Attorney even if I am in jail. I have multiple people that have my Power of attorney to act on my behalf. After 90 Days and the US Attorney does not act, the Criminal Complaint converts to an International Consensual Commercial Lien against all the above. The legal system has no jurisdiction over a commercial lien. They may try to call it a common law lien and try to obfuscate the reality. That will be to no avail. The International Community knows all about oaths and the consequence of breaking an oath. The lien will be the follow up to this NOTICE OF LIEN. It will be filed with County recorder. At that point the lien will apply to the property of all the people that are listed on this NOTICE OF LIEN. For starters each and every one of the above mentioned people should look up USC Title 18, Sections 4, 241 and 242. They are all interesting reads.

A Notice of Interest is a brake used to instantly stop a questionable or unlawful process. Applied for that purpose, it instantly imposes a delay of said process for three (3) weeks.

A Notice of Interest is an instrument containing less than the seven points of full disclosure. Therefore, it is strictly limited, such that it is not negotiable, expires in three weeks, is not renewable except upon a new legal issue, and must be replaced within three weeks by one or both of the two durable processes of commercial law if its purpose is to continue without interruption. The two durable processes of commercial law are:

- >(1) the affidavit statement, known as a Lien, a Paper Debt Collector, which can be acted upon for collection only after a no-contest grace period of three months, and
- >(2) the affidavit statement, known as a Distress, a Paper Sheriff, which detains, impounds, and arrests instantly, but must be Bonded.

The three (3) week grace period of the Notice of Interest can be extended:

- >(1) in the case of a legitimate unavoidable hardship, for example, a family hardship, a medical hardship, financial hardship, etc.
- >(2) in the case of a hardship created or imposed upon the maker of the Notice of Interest by the party against whom the Notice of Interest was directed. **There is no allowance in commerce**

for cheating the legitimate purpose of the Notice of Interest. In this case, the Notice of Interest attains the power of a Distress Infinite, in that it has no bounds with regard to its quantity, and may be repeated from time to time, until the stubbornness of the offending party is conquered.

A Criminal Complaint is a Distress, valued and bonding in the amount defined by the penalty, which is stated in the criminal statute being applied to the criminal offense.

A U.S. Constitutional First Amendment Petition for Redress of Grievances, presented to any government within the Nation as a citizen's Criminal Complaint pursuant to 18 USC 4 and 42 USC 1986, can be used as a Bond on a Distress.

>A Tax Impoundment (Distrainment Warrant), if bonded, is also a Distress process.

(A lien granted by a court judge to secure a remedy is known as a Lis Pendens Lien.)

Certification:

I, David A. Darby, Sovereign Affiant, Pursuant to Article 2, Section 3 of the lawful 1878 Constitution of the State of Washington, certify and affirm on my own commercial liability, that I have prepared the foregoing and know the content thereof and that, to the best of my knowledge that the above Affidavit is True, Correct, Complete and not Misleading, to the best of my Knowledge, the truth, the whole truth, and nothing but the truth, So Help Me God.

I am personally affixing my right thumb print as proof that I David A. Darby am giving my Blood Oath affirming, that the foregoing is true, correct, materially complete, and not misleading to the best of my knowledge and belief, under my own commercial liability; So help me God.
