Although the proposed development is approved, it may not be buildable due to inadequate soils for septic and/or lack of potable water. These issues are under the jurisdiction of Skamania County's Building Division and the Skamania County Environmental Health Division.

Approval of this request does not exempt the applicant or successors in interest from compliance with all other applicable local, state, and federal laws.

**CONDITIONS OF APPROVAL:**

The following conditions are required to ensure that the subject request is consistent with Skamania County Code Title 22. **This document, outlining the conditions of approval, must be recorded by the applicant in the deed records of the Skamania County Auditor** in order to ensure notice of the conditions of approval to successors in interest. SCC §22.06.120(C)(2).

- 1) As per SCC §22.06.120(C)(2), this Administrative Decision **SHALL BE RECORDED** by the applicant in the County deed records prior to commencement of the approved project.
- 2) All developments shall be consistent with the enclosed site plan, unless modified by the following conditions of approval. If modified, the site plan shall be consistent with the conditions of approval. (See attached)
- 3) All structures, except fences, including eaves, awnings and overhangs shall meet the following setbacks: **Front yard:** 50 feet from the centerline of the street or road or 20 feet from the front property line, whichever is greater. **Side yard:** 20 feet. **Rear yard:** 20 feet. Setbacks are established from property lines, not fence lines.
