**Administrative Decision**

**APPLICANT/  
PROPERTY  
OWNER:** Dan and Karen Damyanovich

**FILE NO.:** NSA-14-37

**PROJECT:** To remove an existing mobile home and construct a 3,000 sq. ft. dwelling with a 696 sq. ft. attached garage, a 36' x 36' accessory building, 400' of woven wire fencing, removal of all stumps from a previous clear cut, driveway, retaining walls 2' – 4' in height, replacement on-site septic system and associated utilities.

**LOCATION:** 102 Sutherland Road, Underwood, Section 22 of T3N, R10E, W.M. and is identified as Skamania County Tax Lot Number 03-10-22-0-0-1104-00.

**LEGAL:** Lot 2 of the Versari Short Plant, Book 3 Page 236.

**ZONING:** General Management Area- Residential (R-5).

**DECISION:** Based upon the record and the Staff Report, the application by Dan and Karen Damyanovich, described above, **subject to the conditions set forth in this Decision**, is found to be consistent with SCC Title 22 and **is hereby approved.**

**Skamania County Community Development Department**  
**File: NSA-14-37 (Damyanovich) Administrative Decision**  
**Page 2**

Although the proposed development is approved, it may not be buildable due to inadequate soils for septic and/or lack of potable water. These issues are under the jurisdiction of Skamania County's Building Division and the Skamania County Environmental Health Division.

Approval of this request does not exempt the applicant or successors in interest from compliance with all other applicable local, state, and federal laws.

**CONDITIONS OF APPROVAL:**

The following conditions are required to ensure that the subject request is consistent with Skamania County Code Title 22. **This document, outlining the conditions of approval, must be recorded by the applicant in the deed records of the Skamania County Auditor** in order to ensure notice of the conditions of approval to successors in interest. SCC §22.06.120(C)(2).

- 1) As per SCC §22.06.120(C)(2), this Administrative Decision **SHALL BE RECORDED** by the applicant in the County deed records prior to commencement of the approved project.
- 2) All developments shall be consistent with the enclosed site plan, unless modified by the following conditions of approval. If modified, the site plan shall be consistent with the conditions of approval. (See attached)
- 3) All structures, except fences, including eaves, awnings and overhangs shall meet the following setbacks: **Front yard:** 50 feet from the centerline of the street or road or 20 feet from the front property line, whichever is greater. **Side yard:** 20 feet. **Rear yard:** 20 feet. Setbacks are established from property lines, not fence lines. If any question arises regarding the location of the property lines, the applicant shall be required to hire a professional land surveyor to locate the property lines and mark them with temporary staking prior to a building permit being issued. Staking must remain during construction and all building inspections.
- 4) A variance to the 200 foot forest siting setback in order for the dwelling to be approximately 86 feet from the south property line shall be granted.
- 5) Prior to issuance of the Certificate of Occupancy for the new dwelling, the existing mobile home must be removed from the property.
- 6) The following fire safety guidelines shall be followed:
  - a) All buildings shall be surrounded by a maintained fuel break of fifty (50) feet. Irrigated or fire resistant vegetation may be planted within the fuel break, including green lawns

**Skamania County Community Development Department**  
**File: NSA-14-37 (Damyanovich) Administrative Decision**  
**Page 3**

- and low shrubs (less than twenty-four (24) inches in height). Trees should be placed greater than fifteen (15) feet between the crowns and pruned to remove dead and low (less than eight (8) feet) branches. Accumulated leaves, needles and other dead vegetation shall be removed from beneath trees. Hazardous fuels shall be removed within the fuel break area.
- b) Roofs of structures should be made of fire-resistant materials, such as fiberglass shingle or tile. Roof materials such as cedar shake and shingle should not be used.
  - c) Any chimney or stovepipe on any structure for use with a wood stove or fireplace should be screened with no coarser than a quarter (1/4) inch mesh metal screen that is noncombustible and corrosion resistant and should be equipped with a spark arrestor.
  - d) All structural projections such as balconies, decks and roof gables should be built with fire resistant materials equivalent to that specified in the Uniform Building code.
  - e) Attic openings, soffit vents, foundation louvers or other ventilation openings on dwellings and accessory structures should be screened with no coarser than a quarter (1/4) inch mesh metal screen that is noncombustible and corrosion resistant.
- 7) The height of the outbuilding shall not exceed 24 feet as measured from the point of lowest finished grade to roof peak as shown on the elevation and cross section drawings submitted by the applicant.
  - 8) The height of the dwelling shall not exceed 25 feet in height as measured from the lowest point of finished grade to roof peak as shown on the elevation drawings submitted by the applicant.
  - 9) Upon final inspection, Community Development staff will verify that a cooking facility has not been installed in the outbuilding. "Cooking Facility" means the stove/range and any associated venting. The outbuilding shall not be used or rented as a dwelling unit.
  - 10) Only that grading which is necessary for site development (building pads, utilities, etc.) is permitted. All graded areas shall be re-seeded with native vegetation prior to final inspection by the Community Development Department.
  - 11) Planted vegetation shall be maintained to ensure survival.
  - 12) Except as necessary for construction of access roads, building pads, leach fields, etc., the existing tree cover screening the development from key viewing areas shall be retained as marked by staff on the site plan, namely the eight mature trees. Seven new trees shall be planted for screening purposes as marked on the site plan by staff. The limbing and topping of screening trees is prohibited.
  - 13) Screening vegetation shall be installed as soon as practicable, and prior to project completion. Applicants and successors in interest for the subject parcel are responsible for the proper maintenance and survival of planted vegetation, and replacement of such vegetation that does not survive. At the time of planting, new screening trees shall be a minimum of five feet in height from as measured from the top of root wad.

**Skamania County Community Development Department**  
**File: NSA-14-37 (Damyanovich) Administrative Decision**  
**Page 4**

- 14) At least half (1/2) of any trees planted for screening purposes shall be coniferous to provide winter screening, and at least half (1/2) shall be native to the setting or commonly found in the area.
- 15) The exterior of the proposed structure shall be dark earth-tone in color. The exterior includes, but is not limited to, sides, doors, garage doors, decks, gutters, roofs, and trim. The following colors submitted by the applicant are consistent with this condition and are hereby approved:

Main – cedar shingle or lap siding	Stained with Sherwin Williams "Moss Green" #3530 in semi-transparent.
Wood Trim	Stained dark brown to match sample submitted.
Accent Color – Doors	Benjamin Moore – "Townsend Harbor Brown" #HC-64
Accent Alternative	Benjamin Moore – "Boreal Forest" #AF-480
Window Casing	JELD-WEN "Mesa Red" or Milgard "Cinnamon"
Roofing	Owens Corning "Oakridge" or "Pepper Mill Gray" Composite Shingles.  Alternative request for outbuilding is weathered steel only approved upon submittal of an acceptable sample in dark earth tone colors and is non-reflective.
Stone Veneers	Upon submittal of a specific brand and in an acceptable dark earth tone color combination.

Benjamin Moore – "Lush" AF-475 is not approved for use. The woven wire fencing and support structures shall be dark earth tone in color as well. Any proposed changes to these colors shall be submitted for review by the Community Development Department prior to construction.

- 16) If the applicant chooses to pursue the use of a weathered steel roof for the outbuilding, a suitable sample that is both dark earth tone in color and non-reflective must be submitted for approval to the Community Development Department prior to construction of the outbuilding. Additionally, a sample or color brochure of the specific brand and color of stone veneers shall be submitted to the Community Development Department for approval prior to construction.

**Skamania County Community Development Department**  
**File: NSA-14-37 (Damyanovich) Administrative Decision**  
**Page 5**

- 17) The new development shall be composed of non-reflective materials or materials with low reflectivity.
- 18) The windows used for the dwelling shall be either grey or bronze over low E glass with less than 15% exterior visible light reflectivity rating. The applicant shall submit a window manufacturer's specification sheet showing this detail for the windows to be installed prior to the release of the building permit.
- 19) All exterior lighting shall be hooded or shielded at a 90° angle. Hoods/shields should be made of a non-reflective, opaque material, which does not allow light to pass through.
- 20) The applicant shall meet all conditions of approval enacted to achieve visual subordination prior to final inspection by the Community Development Department. The applicant is to coordinate all inspections with the Building Division. A final inspection approval will not be issued until compliance with all conditions of approval; including visual subordination criteria have been verified.
- 21) The Community Development Department will conduct at least two site visits during construction, one to verify the location of the structures as stated by the Administrative Decision and a second to be conducted after all foundation excavation has been completed including framing footers, but prior to pouring the foundation. A site visit for Final Inspection shall also be conducted. Each inspection may take up to four business days from the time of calling for the inspection. Inspections should be arranged by calling the Community Development inspection line at 509-427-3922 or by emailing [permitcenter@co.skamania.wa.us](mailto:permitcenter@co.skamania.wa.us).
- 22) The following procedures shall be effected when cultural resources are discovered during construction activities:
  - a) Halt Construction. All construction activities within 100 feet of the discovered cultural resource shall cease. The cultural resources shall remain as found; further disturbance is prohibited.
  - b) Notification. The project applicant shall notify the Administrator and the Gorge Commission within twenty-four (24) hours of the discovery. If the cultural resources are prehistoric or otherwise associated with Native Americans, the project applicant shall also notify the Indian tribal governments within twenty-four (24) hours.
  - c) Survey and Evaluations. The Gorge Commission shall survey the cultural resources after obtaining written permission from the landowner and appropriate permits from the DAHP. (See Revised Code of Washington 27.53) It shall gather enough information to evaluate the significance of the cultural resources. The survey and evaluation shall be documented in a report that generally follows the provisions in

**Skamania County Community Development Department**  
**File: NSA-14-37 (Damyanovich) Administrative Decision**  
**Page 6**

Section 22.22.030 of this Chapter. Based upon the survey and evaluation report and any written comments, the Administrator shall make a final decision on whether the resources are significant. Construction activities may recommence if the cultural resources are not significant.

- d) Mitigation Plan. Mitigation plans shall be prepared according to the information, consultation and report provisions contained in Section 22.22.050 of this Chapter. Construction activities may recommence when conditions in the mitigation plan have been executed.
- 23) The following procedures shall be effected when human remains are discovered during a cultural resource survey or during construction. Human remains means articulated or disarticulated human skeletal remains, bones or teeth, with or without attendant burial artifacts.
- a) Halt of Activities. All survey, excavation and construction activities shall cease.
  - b) Notification. Local law enforcement officials, the Administrator, the Gorge Commission, and the Indian tribal governments shall be contacted immediately.
  - c) Inspection. The county coroner, or appropriate official, shall inspect the remains at the project site and determine if they are prehistoric/ historic or modern. Representatives of the Indian tribal governments shall be contacted immediately and have an opportunity to monitor the inspection.
  - d) Jurisdiction. If the remains are modern, the appropriate law enforcement official shall assume jurisdiction and the cultural resource protection process may conclude.
  - e) Treatment. The procedures set out in RCW 27.44 and 68.05 shall generally be implemented if the remains are prehistoric/ historic. If human remains will be reinterred or preserved in their original position, a mitigation plan shall be prepared in accordance with the consultation and report requirements set out in Section 22.22.050 of this Chapter. The mitigation plan shall accommodate the cultural and religious concerns of Native Americans. The cultural resource protection process may conclude when conditions set forth in Section 22.22.050(C) of this Chapter are met and the mitigation plan is executed.

Dated and Signed this 11<sup>th</sup> day of June, 2015, at Stevenson, Washington.

Planning Division

**NOTES**

Any new residential development, related accessory structures such as garages or workshops, fences, and additions or alterations not included in this approved site plan, will require a new application and review.

**EXPIRATION**

As per SCC §22.06.150(A), this Administrative Decision approving a proposed development action shall become void in two years if the development is not commenced within that period, or once development has commenced the development action is discontinued for any reason for one continuous year or more.

If the development does not include a structure the permit shall expire two years after the date the land use approval was granted unless the use or development was established according to all specifications and conditions of approval in the approval. For land divisions, "established" means the final deed or plat has been recorded with the county auditor.

If the development includes a **structure** the permit shall expire when construction has not commenced within two (2) years of the date the land use approval was granted; or once the structure has been started and if the structure has not been completed within two (2) years of the date of commencement of construction the permit shall expire. Completion of the structure for this purpose means the completion of the exterior surface(s) of the structure; and compliance with all conditions of approval in the land use approval, including, but not limited to, painting of the exterior of the structure.

**APPEALS**

**The Director reserves the right to provide additional comment and findings of fact regarding this decision, if appealed.**

This Administrative Decision shall be final unless reversed or modified on appeal. A written Notice of Appeal form must be filed by an interested person within 20 days from the date hereof. Appeals are to be made to the Skamania County Hearing Examiner, P.O. Box 1009, Stevenson, WA 98648. Notice of Appeal forms and mailing lists are available at the Community Development Department and must be accompanied by a \$2,450.00 nonrefundable-filing fee and a Certificate of Mailing.

The final determination of the Environmental Threshold Determination related to this underlying government action can be appealed to a court of competent jurisdiction, along with the underlying government action, only by the parties with standing to the Environmental Threshold

Determination. If the underlying government action was exempt from SEPA review, this section does not apply.

**WARNING**

On November 30, 1998 the Columbia River Gorge Commission overturned a Skamania County Director's Decision 18 months after the 20 day appeal period had expired. You are hereby warned that you are proceeding at your own risk and Skamania County will not be liable for any damages you incur in reliance upon your Administrative Decision or any amendments thereto.
