Declarations as Property Recordings may be completed by the property owner, or by property owner representative, presented to SCCDD, then submitted to the recorder at the Skamania County Auditor's Office.

The facility on the property at the address 192 River Road, is served by an water source in which arsenic has been detected. Certified laboratory analysis of untreated drinking water collected on 4/10/2017 found arsenic at 22.1 ppb from water source BKP 005. Although there are no regulatory requirements for private individual wells, Skamania County Community Development Department recommends water treatment to reduce the amount of arsenic to a level below the EPA's maximum contaminant level of 10 ppb.
