The facility on the property at the address 421 River Road, is served by an water source in which arsenic has been detected. Certified laboratory analysis of untreated drinking water collected on 8/1/2017 found arsenic at 28 ppb from water source BIG 399. Although there are no regulatory requirements for private individual wells, Skamania County Community Development Department recommends water treatment to reduce the amount of arsenic to a level below the EPA's maximum contaminant level of 10 ppb.
