BASIS OF BEARINGS

THE SOUTH LINE OF SUBJECT PARCEL
PER GLAESER SURVEY R1, BK-2, PG
57.

NOTES

Warning: Purchasers of a lot, or lots in this plat are advised that the lot, or lots, in this plat are serviced by private roads. Private roads are not maintained by Skamania County. Lot owners within this plat must pay for the maintenance of the private roads serving this plat, including grading, drainage, snowplowing, etc. The condition of the private road may affect subsequent attempts to divide your lot, or lots. Private roads must comply with Skamania County's private road requirements. (Ord. 1980-07 §6.20)

All new driveways and approaches shall meet the standards in the Skamania County Private Road Manual.

Notice: This site lies within an Erosion Hazard Area. Restrictions on use or alteration of the site may exist. For more information contact the Community Development Department.

Notice: The Skye Flats Short Plat lies in a high-risk area of archaeological significance. In the event of an inadvertent discovery of potentially significant archaeological materials (bones, shell, stone tools, etc.) and/or human remains during construction activities, all work in the immediate area shall cease, the area secured, and the discovery shall be reported to Washington State Department of Archaeology and Historic Preservation (DAHP) and all relevant enforcement, the county medical examiner, state physical anthropologist at DAHP, all relevant Native American tribes and Community Development shall be contacted immediately.

Each of the lots within the Skye Flats Short Plat meets the minimum acceptable standards for siting an onsite sewage disposal system in the referenced test pit locations. Any changes to the site and/or conditions of approval may void this evaluation and approval. A satisfactory site evaluation does not constitute an indefinite approval for a sewage disposal system.

The approved initial, reserve, and/or existing sewage system sites shall be protected from damage due to development. These sites shall be maintained so they are free from encroachment by buildings, roads, and other structures. These areas shall not be covered by any impervious material and not be subject to vehicular traffic or other activity which would adversely affect the soil.

Lots 1-4 are served by individual wells.

Land within this short subdivision shall not be further subdivided for a period of five years unless a final (long) plat is filed pursuant to Skamania County Code, Title 17, Subdivision, Chapter 17.04 through 17.60 inclusive

The combined ground water withdrawal of wells located within the Skye Flats 4 lot short plat is limited to 5,000 gallons per day for domestic use, or more than on-half acre lawn or garden irrigation requires a water right.

WELL TABLE		
LOT NO.	WELL ID	TAG NO.
1	BKP 050	
2	BKP 049	
3	BKP 048	
4	NO TAG	

NARRATIVE

THE PURPOSE OF THIS SHORT PLAT IS TO DIVIDE THAT CERTAIN PARCEL DESCRIBED IN DEED AFN 2019000146 INTO 4 LOTS AS SHOWN.
