1. This small miner waiver is filed for the assessment year beginning on September 1, 2020 and ending on September 1, 2021.
2. The undersigned and all related parties owned ten or fewer mining claims, mill, or tunnel sites located and maintained on Federal lands in the United States of America on September 1, 2020.
3. The undersigned have performed the assessment work required by law for each mining claim listed prior to filing this waiver and understand that by filing this form, the undersigned must file an affidavit of assessment work with the Bureau of Land Management (BLM) by the December 30th following the filing of this waiver.
4. The undersigned understand that if the assessment work obligation has not yet come due under 30 U.S.C. 28 (for those claims in their first assessment year only), a notice of intent to hold reciting this condition must be recorded by the December 30th following the filing of this waiver.
5. The undersigned understand that mill and tunnel sites may also be listed on this waiver and be waived from payment of the maintenance fee, and that a notice of intent to hold for these sites is required to be filed with the BLM by the December 30th following the filing of this waiver.
6. The undersigned understand and acknowledge that pursuant to 43 U.S.C. 1212 and 18 U.S.C. 1001, the filing or recording of a false, fictitious, or fraudulent document with the BLM may result in a fine of up to \$250,000, a prison term not to exceed five years, or both.
7. The mining claims, mill or tunnel sites for which this waiver from payment of the maintenance fees is requested are:

18 U.S.C. 1001 and 43 U.S.C. 1212 make it a crime for any person knowingly and willfully to make to any department or agency of the United States any false, fictitious or fraudulent statements or representations as to any matter within its jurisdiction.

INSTRUCTIONS

1. This certification is made under the provisions of 43 U.S.C. § 1744 and 30 U.S.C. § 28-28k and the regulations thereunder (43 CFR Part 3830).
2. The claimant(s) must fill in the years in paragraph 1 for the beginning and ending of the assessment year for which this waiver is sought. For example, if the deadline for filing the waiver is September 1, 2020, it is for the 2021 assessment year and the assessment year's beginning date is September 1, 2020 and its ending date is September 1, 2021.
3. The claimant(s) must fill in the year in paragraph 2 for the beginning of the assessment year for which this waiver is sought. This is the same year as explained in Instruction 2 above. This certifies that the claimant(s) and their related parties owned 10 or fewer claims and sites nationwide as of that date. In order for the waiver to be valid for the entire assessment year, all claimants must not own more than 10 claims and sites for the entire assessment year. If any of the claimants own more than 10 claims and sites during the assessment year, the waiver will become void, and the maintenance fee for the assessment year the claims and sites were under waiver will become due by the next September 1.
4. All claim and site names and BLM serial numbers must be listed for the mining claims, mill sites, and tunnel sites for which the waiver is sought.
5. All owners of the mining claims, mill sites, and tunnel sites and their addresses must be filled in, even if a designated agent is signing the form on behalf of any of the owners.
6. This waiver form must be signed by all the claimants or their designated agent, in original form. If an agent is designated, a notarized designation of agent, signed by all of the claimants with proper address given, must be submitted with this waiver. Agents sign their own names in place of the owner's signature, and the agent's signature must be in original form.
7. This form must be filed no later than September 1st for the upcoming assessment year in the BLM State Office where the mining claims or sites are recorded, or the waiver cannot be granted by the BLM. (Example: To obtain a waiver for the assessment year 2021, which begins on September 1, 2020, you must qualify for and file for a waiver no later than September 1, 2020, in the proper BLM State Office.)
8. You must file a notice of intent to hold by the December 30th immediately following the filing of this waiver. For example, if you file this waiver on August 3, 2020, you must file a notice of intent to hold for the claims and sites listed on this form with BLM by December 30, 2020.
9. For all mining claims which require assessment work, you must file an affidavit of assessment work with BLM on or before the December 30th immediately following the end of the assessment year for which this waiver was filed. For example, if you filed this waiver on or before September 1, 2020 for the 2021 assessment year, you must file an affidavit of labor for the claims listed on this waiver by December 30, 2021. You must make this filing even if you pay the maintenance fee for the next assessment year. For example, you filed this waiver for the 2021 assessment year that ends September 1, 2021, and paid the maintenance fee for the 2022 assessment year on September 1, 2021. You would still be required to file an affidavit of assessment work for the 2021 assessment year by December 30, 2021.
10. For mill and tunnel sites, a notice of intent to hold for these sites is required to be filed by the December 30th following the end of the assessment year for which this waiver was filed.

I hereby certify under penalty of perjury under the laws of the State of Washington that the foregoing statements are true and correct:

INSTRUCTIONS

1. This is an optional form that may be used to satisfy the requirements for the Bureau of Land Management (BLM) under the provisions of 43 U.S.C. §1744 and 30 U.S.C. §28-28d and the regulations thereunder (43 CFR part §835). Since local and State laws may vary, you should contact your local and State agencies where the claims are located to ensure all applicable laws and requirements are satisfied.
2. The claimant(s) must fill in the date in paragraph 1 for the applicable assessment year and the county and state where the claims are located.
3. All claim names and BLM serial numbers for which this assessment affidavit applies must be listed. Additionally, legal descriptions, and original county recording information may be listed for additional identification purposes.
4. The claimant(s) must complete paragraph 2 listing all labor or improvements which was performed on or did benefit the subject mining claims. The value and date of the labor or improvements must also be listed. The total amount of labor or improvements can be listed, but the total expenditure must equal at least \$100 for each claim.
5. The names and current mailing addresses of the person(s) performing the labor must be listed in paragraph 3.
6. The name and current mailing address of each owner (claimant) of the claims must be listed in paragraph 4. The mailing address shall be the owner's address and not the address of an agent or anyone representing the claimant. Be sure to note if there has been a change of address.
7. Paragraph 5 shall be completed to show the date it was verified that all monuments required by law were properly erected, all notices were posted, and that corners were appropriately designated for all claims listed.
8. An exact legible reproduction or duplicate (other than microfilm or other electronic media) of this affidavit or another type of affidavit of assessment work that you file or will file in the county where each claim is located, must be filed with the BLM on or before December 30 of the calendar year in which the assessment year ends. For mill or tunnel sites, a separate notice of intent to hold must be filed with the BLM on or before December 30. Requirements for filing a notice of intent to hold can be found at 43 CFR 3835.33.
9. A processing fee of \$15 for each claim listed must be remitted to the BLM along with this or any other affidavit of assessment work.
