ADMINISTRATIVE DECISION

APPLICANT: Friends of the Columbia Gorge Land Trust
FILE NO.: NSA-21-09
DESCRIPTION: Resource enhancement project. Install boot brush, boulder trail obstruction and three signs on two signposts.
LOCATION: Carson Depot Road, identified as Skamania County parcel no. #03-08-29-0-0-0905-00.
LEGAL: Lot 1, Jack Johnson's Short Plat, Book 3 Page 28.
ZONING: GMA – Residential 10 (R-10)
DECISION: Based upon the record and the Staff Report, the applicant's proposal, described above, is found to be consistent with SCC Title 22 and is hereby **APPROVED** subject to the conditions set forth below.

Approval of this request does not exempt the applicant or successors in interest from compliance with all other applicable local, state, and federal laws.

CONDITIONS OF APPROVAL:

The following conditions are required to ensure that the subject request is consistent with Skamania County Code Title 22. **THIS DOCUMENT, OUTLINING THE CONDITIONS OF APPROVAL, MUST BE RECORDED BY THE APPLICANT IN THE DEED RECORDS OF THE SKAMANIA COUNTY AUDITOR** in order to ensure notice of the conditions of approval to successors in interest. SCC §22.06.120(C)(2).

1. As per SCC §22.06.120(C)(2), this Administrative Decision **SHALL BE RECORDED** by the applicant in the County deed records prior to commencement of the approved project.
2. All development shall be consistent with the approved site plan on file with Skamania County Community Development, unless modified by the following conditions of approval. If modified, the site plan shall be consistent with the conditions of approval.
3. The following are the minimum required setbacks for all structures except fences: FRONT YARD: fifty (50) feet from the centerline of the street or road or twenty (20) feet from the front property line, whichever is greater; SIDE YARD: twenty (20) feet, and REAR YARD: twenty (20) feet.
4. A 45-foot variance from the 50-foot required front yard lot line setback is granted to permit development as shown on the approved site plan on file with the community development department.
5. Except as is necessary for site development or safety purposes, all existing tree cover shall be retained for screening purposes.
6. Any areas left bare after construction shall be reseeded with native vegetation promptly and prior to final approval. Project applicants shall be responsible for the proper maintenance and survival of any required planted vegetation.
7. All signage shall be colored to blend with their setting to the maximum extent practicable. Signposts, fronts and backs of signs shall be natural or dark earth tones. Lettering colors with sufficient contrast to provide clear message communication are allowed.
8. The boot brush shall be dark earth toned in color, such as dark brown, dark green, dark grey or black.
9. The applicant shall meet all conditions of approval enacted to achieve visual subordination prior to final inspection by the Community Development Department. A final inspection approval will not be issued until compliance with all conditions of approval; including visual subordination criteria have been verified.
10. The Community Development Department shall conduct at least one site visit to verify the staked location of the improvements prior to any ground disturbance taking place. A site visit for Final Inspection shall also be conducted. Each inspection may take up to four business days from the time of calling for the inspection. Inspections should be arranged by calling the Community Development inspection line at 509-427-3922 or by emailing permitcenter@co.skamania.wa.us.

11. The following procedures shall be effected when cultural resources are discovered during construction activities:
 - a. Halt Construction. All construction activities within 100 feet of the discovered cultural resource shall cease. The cultural resources shall remain as found; further disturbance is prohibited.
 - b. Notification. The project applicant shall notify the Administrator and the Gorge Commission within twenty-four (24) hours of the discovery. If the cultural resources are prehistoric or otherwise associated with Native Americans, the project applicant shall also notify the Indian tribal governments within twenty-four (24) hours.
 - c. Survey and Evaluations. The Gorge Commission shall survey the cultural resources after obtaining written permission from the landowner and appropriate permits from the DAHP (See Revised Code of Washington 27.53). It shall gather enough information to evaluate the significance of the cultural resources. The survey and evaluation shall be documented in a report that generally follows the provisions in Section 22.22.030 of this Chapter. Based upon the survey and evaluation report and any written comments, the Administrator shall make a final decision on whether the resources are significant. Construction activities may recommence if the cultural resources are not significant.
 - d. Mitigation Plan. Mitigation plans shall be prepared according to the information, consultation and report provisions contained in Section 22.22.050 of this Chapter. Construction activities may recommence when conditions in the mitigation plan have been executed.
12. The procedures set forth in Condition of Approval #13 shall be followed in the event human remains are discovered during development activities. If human remains are discovered, The Washington State Physical Anthropologist shall also be notified.
13. The following procedures shall be effected when human remains are discovered during a cultural resource survey or during construction. Human remains means articulated or disarticulated human skeletal remains, bones or teeth, with or without attendant burial artifacts.
 - a. Halt of Activities. All survey, excavation and construction activities shall cease.
 - b. Notification. Local law enforcement officials, the Administrator, the Gorge Commission, and the Indian tribal governments shall be contacted immediately.
 - c. Inspection. The county coroner, or appropriate official, shall inspect the remains at the project site and determine if they are prehistoric/ historic or modern. Representatives of the Indian tribal governments shall be contacted immediately and have an opportunity to monitor the inspection.
 - d. Jurisdiction. If the remains are modern, the appropriate law enforcement official shall assume jurisdiction and the cultural resource protection process may conclude.
 - e. Treatment. The procedures set out in RCW 27.44 and 68.05 shall generally be implemented if the remains are prehistoric/ historic. If human remains will be reinterred or preserved in their original position, a mitigation plan shall be prepared in accordance with the consultation and report requirements set out in Section 22.22.050 of this Chapter. The mitigation plan shall accommodate the cultural and religious concerns of Native Americans. The cultural resource protection process may conclude when conditions set forth in Section 22.22.050(C) of this Chapter are met and the mitigation plan is executed.

Dated and signed this 26th day of July, 2021, at Stevenson, Washington.

NOTE:

Any new development not included in the approved site plan on file with the Skamania County Community Development department will require a new application and review.

EXPIRATION:

As per SCC §22.06.150(A), this Administrative Decision approving a proposed development action shall become void in two years if the development is not commenced within that period, or once development has commenced the development action is discontinued for any reason for one continuous year or more.

If the development does not include a structure the permit shall expire two years after the date the land use approval was granted unless the use or development was established according to all specifications and conditions of approval in the approval. For land divisions, "established" means the final deed or plat has been recorded with the county auditor.

If the development includes a **structure** the permit shall expire when construction has not commenced within two (2) years of the date the land use approval was granted; or once the structure has been started and if the structure has not been completed within two (2) years of the date of commencement of construction the permit shall expire. Completion of the structure for this purpose means the completion of the exterior surface(s) of the structure; and compliance with all conditions of approval in the land use approval, including, but not limited to, painting of the exterior of the structure.

APPEALS:

The Director reserves the right to provide additional comment and findings of fact regarding this decision, if appealed.

This Administrative Decision shall be final unless reversed or modified on appeal. A written Notice of Appeal form must be filed by an interested person within 20 days from the date hereof. Appeals are to be made to the Skamania County Hearing Examiner, P.O. Box 1009, Stevenson, WA 98648. Notice of Appeal forms and mailing lists are available at the Community Development Department and must be accompanied by a \$2,450.00 nonrefundable-filing fee and a Certificate of Mailing.

The final determination of the Environmental Threshold Determination related to this underlying government action can be appealed to a court of competent jurisdiction, along with the underlying government action, only by the parties with standing to the Environmental Threshold Determination. If the underlying government action was exempt from SEPA review, this section does not apply.
